

Important Announcement

The matter regarding positioning of the profession at the global platform has been receiving the attention of Institute for quite sometime and in this era of globalization, the aim is to facilitate creation of opportunities/avenues for rendering the professional services in other countries and with a view to facilitate this, need has been felt to have information inter alia relating to the following:

1. Positioning the “Indian Chartered Accountant” as a “brand” worldwide for generating more professional avenues for ICAI members; and key forums / distribution channels through which such communication strategy needs to be focused upon;
2. Details of organizations / HR consultants who are interested in sourcing the complete business solution provider like Chartered Accountants from India;
3. Professional and other barriers which professionals from India face while practicing in the respective country(ies); and
4. Act as a communication link between Institute and local membership

The expectation from Institute would be to devote reasonable time, providing a contact detail in terms of physical address, email and telephone number so that those intending to contact such liaison point are able to get through. It may also be stated herein that such liaison points would neither be office of ICAI nor would enjoy the privileges available to a chapter but would be a facilitation counter for promoting profession on a global basis. The intending members could forward their proposals for consideration by ICAI.

Your proposal shall be mailed to us at liaisonpoint@icai.org within 45 days from publication of the Journal as per the structured format given below.

NAME

MEMBERSHIP NUMBER

ADDRESS IN INDIA
