

Seed Of Success

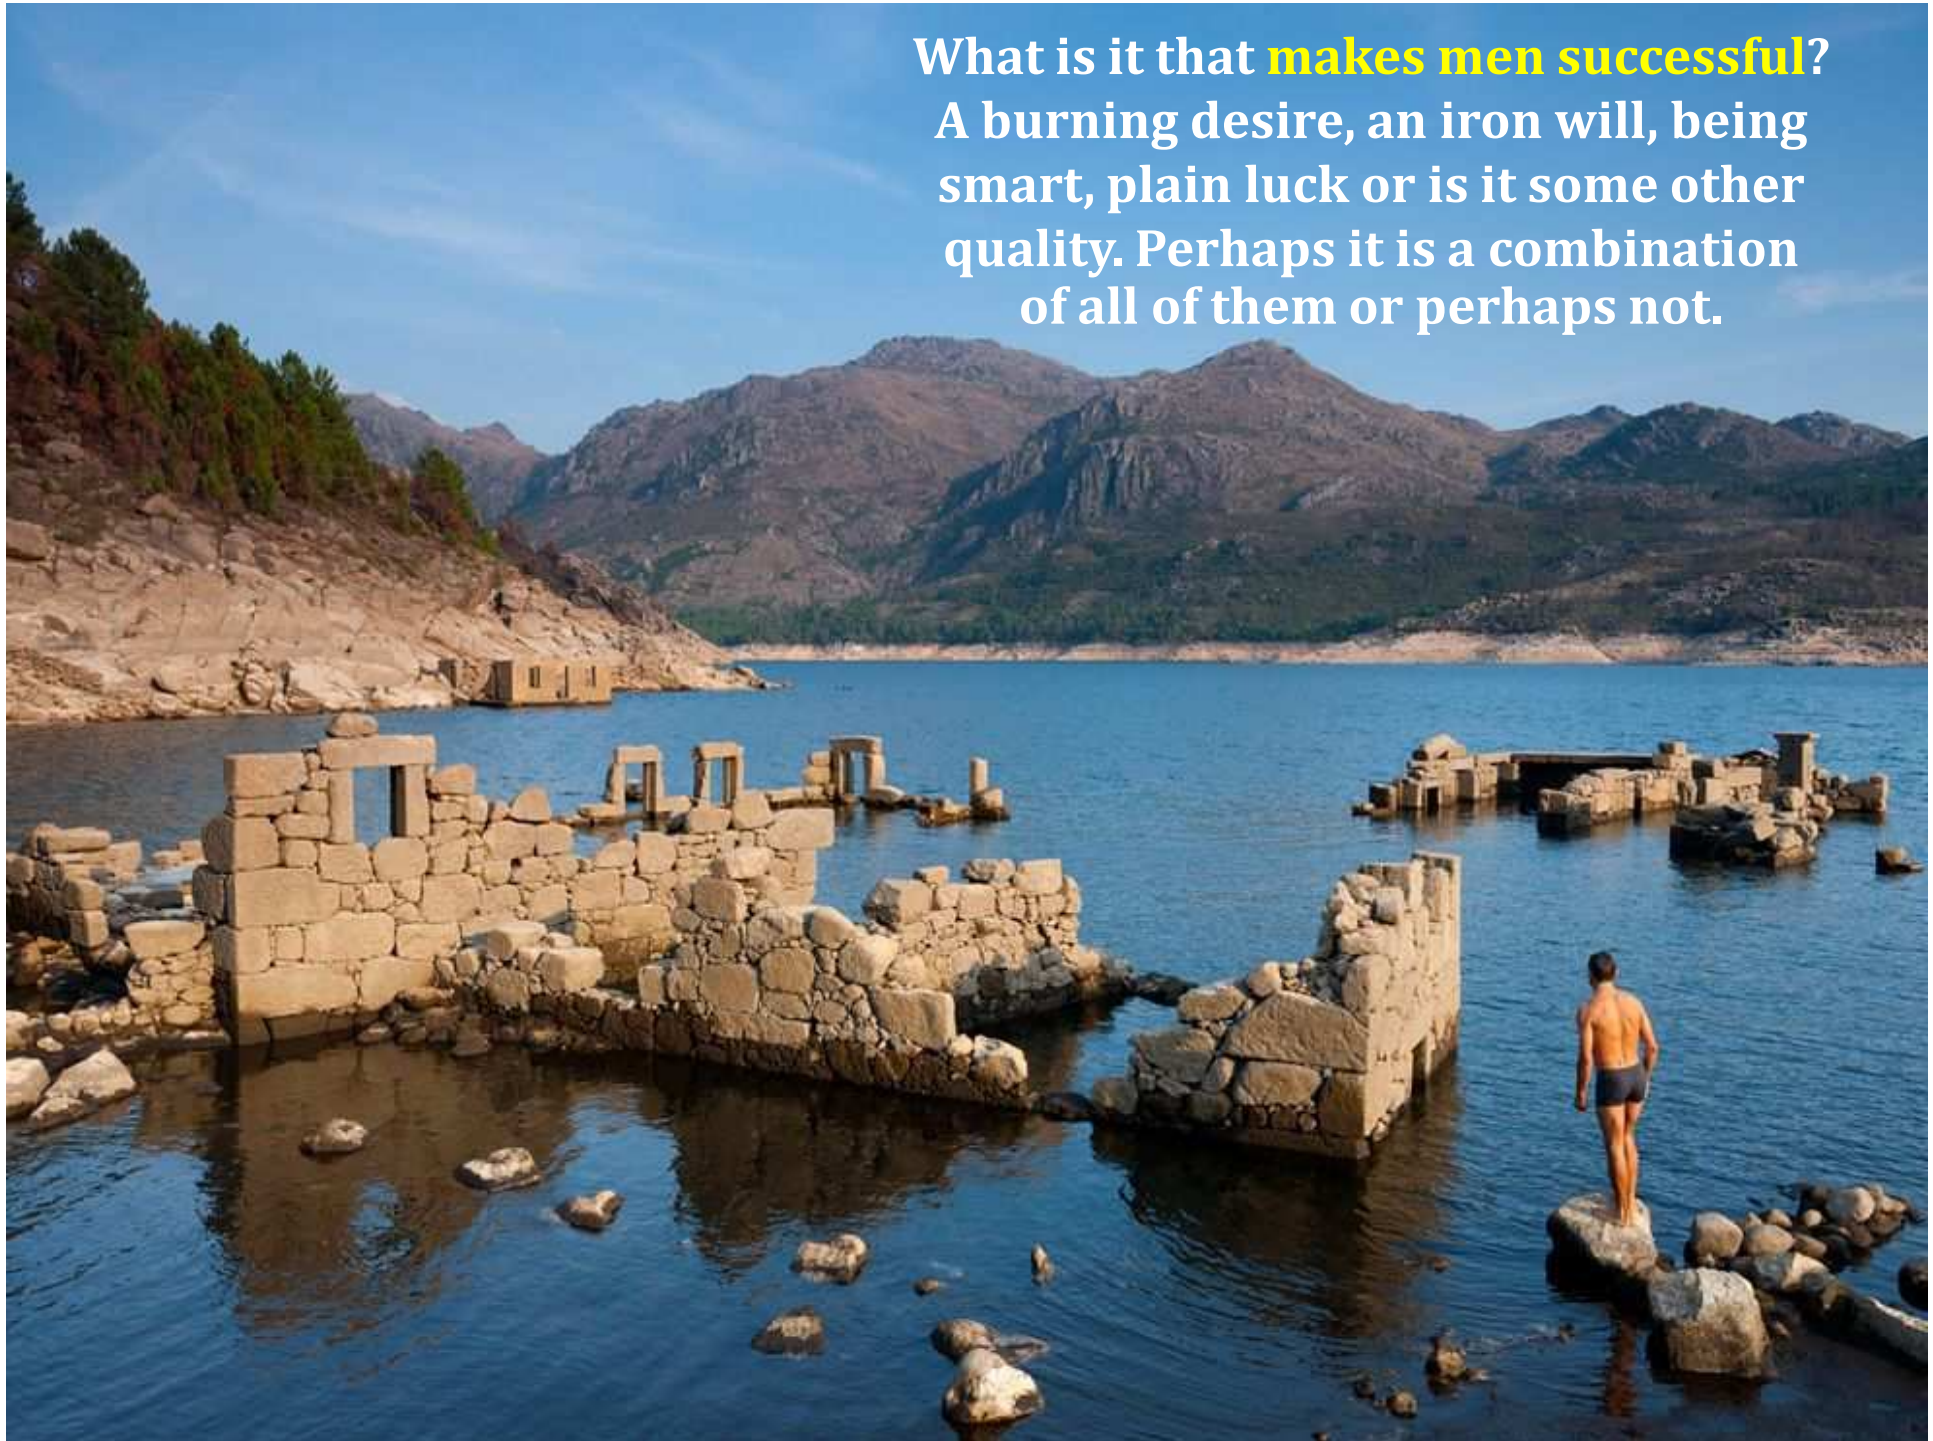

Why should a man strive for success? Why should he be ambitious? Why should he strive for all the good and wonderful things in life? Because that is **what man is made for.**

**To live a happy and luxurious life is
the birth right of every man. Man was
born to be rich and happy not to live
a life of misery and drudgery.**

What is it that **makes men successful**?
A burning desire, an iron will, being
smart, plain luck or is it some other
quality. Perhaps it is a combination
of all of them or perhaps not.

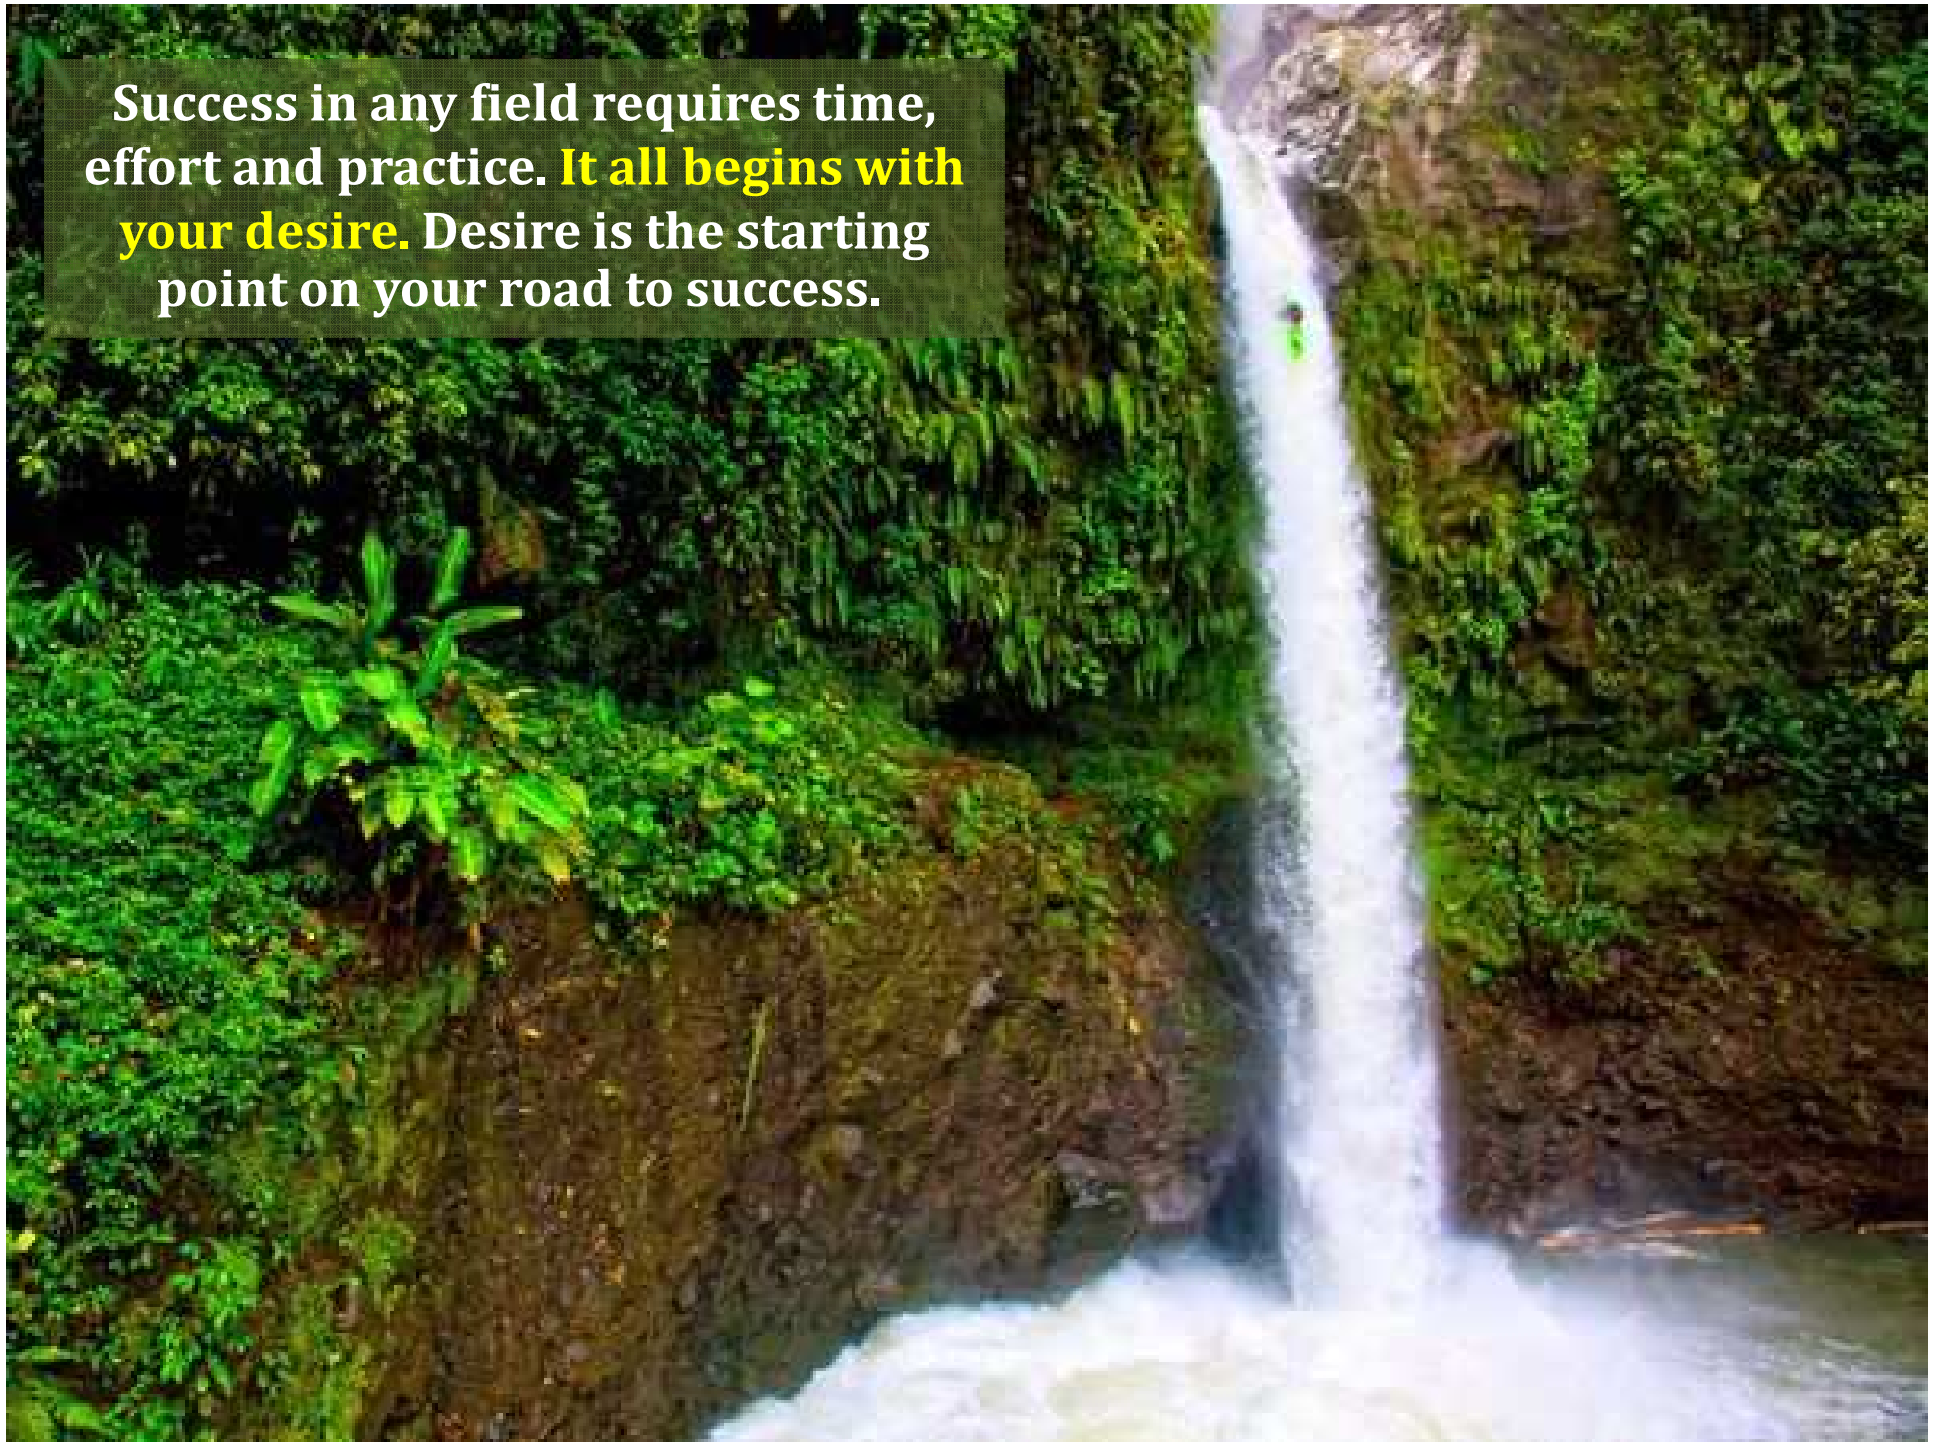

We all want to be a success, to win the admiration and respect of others, to live in big houses, to drive around in fancy cars, but how many of us actually **put in any effort to become a success.**

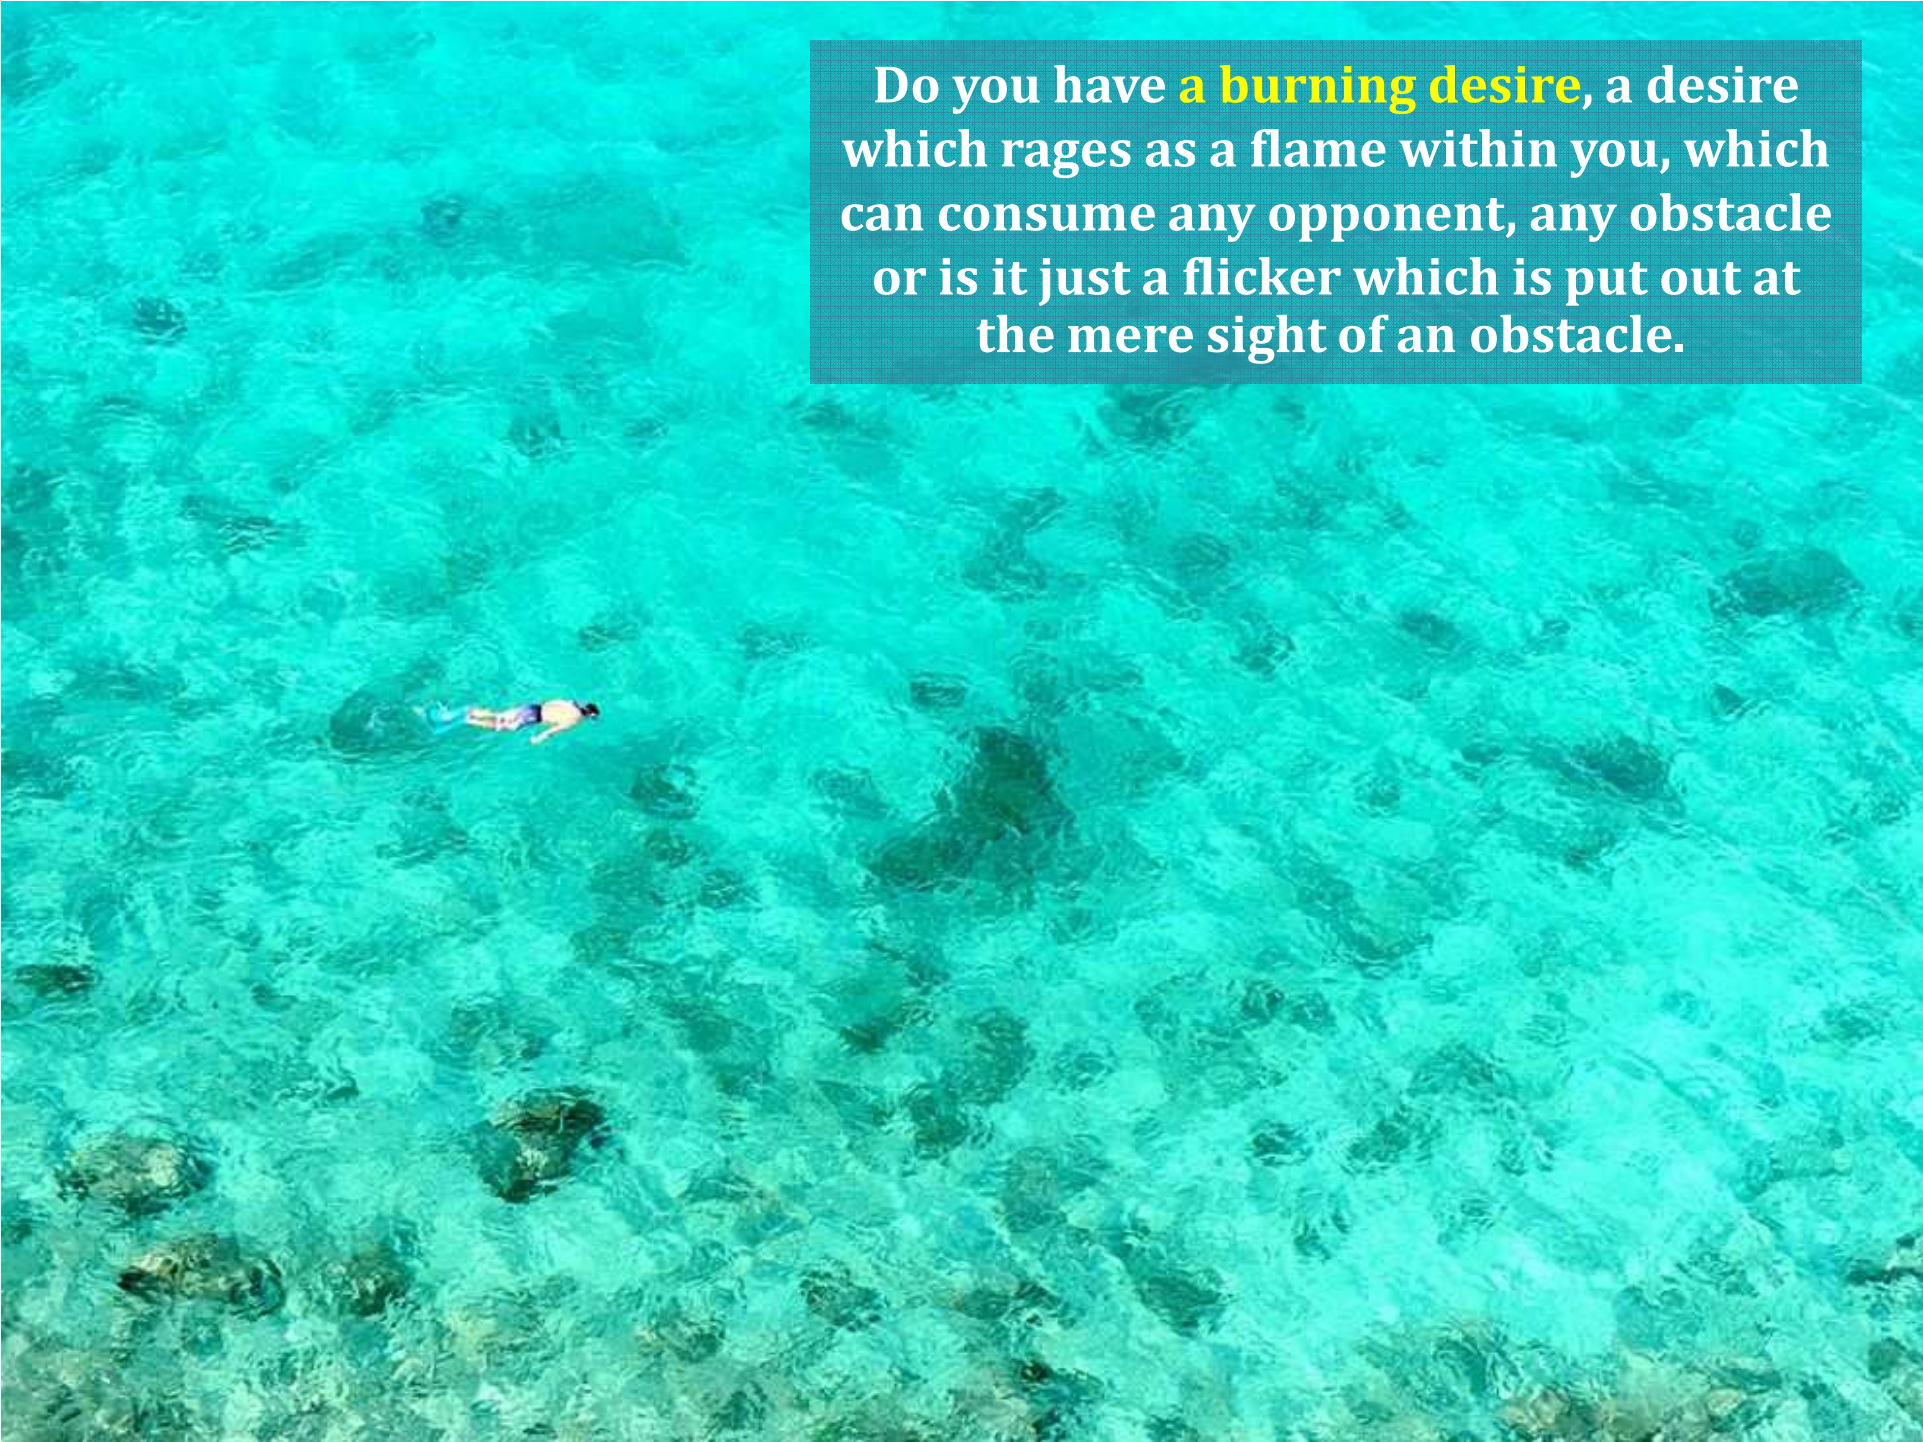

Do you spend hours **practicing** your skills and **polishing** them or do you just sit and dream your time away.

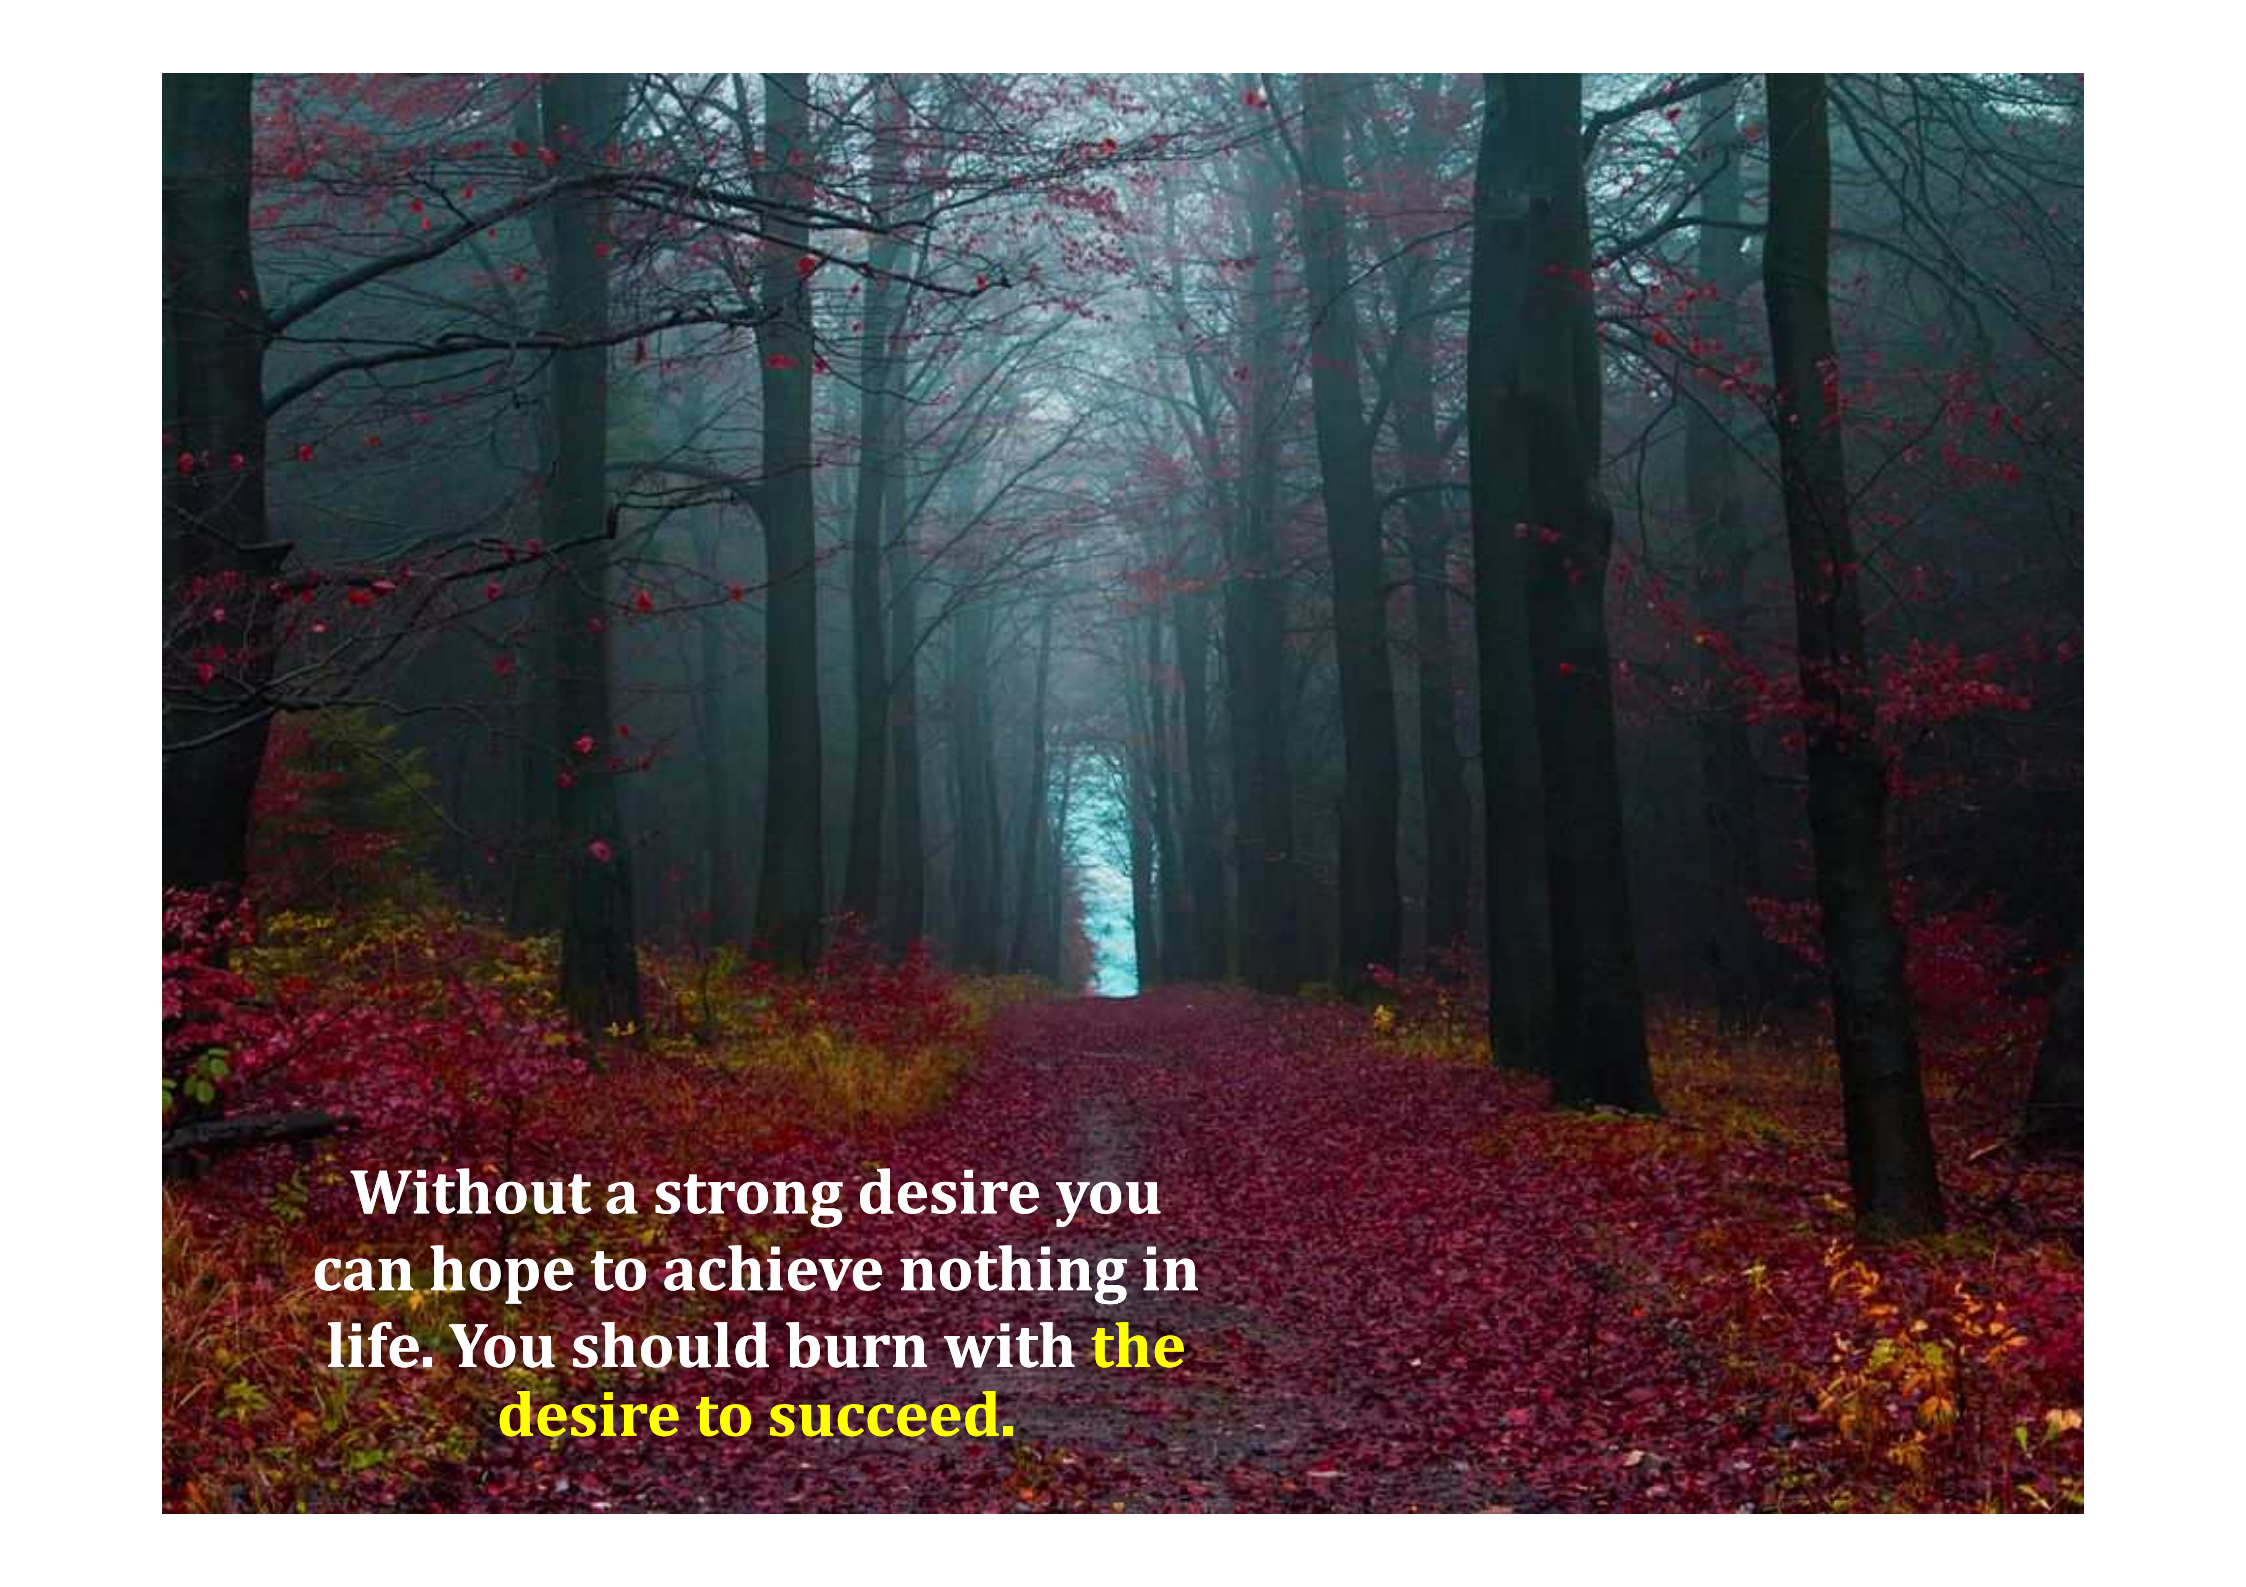

Success in any field requires time, effort and practice. **It all begins with your desire.** Desire is the starting point on your road to success.

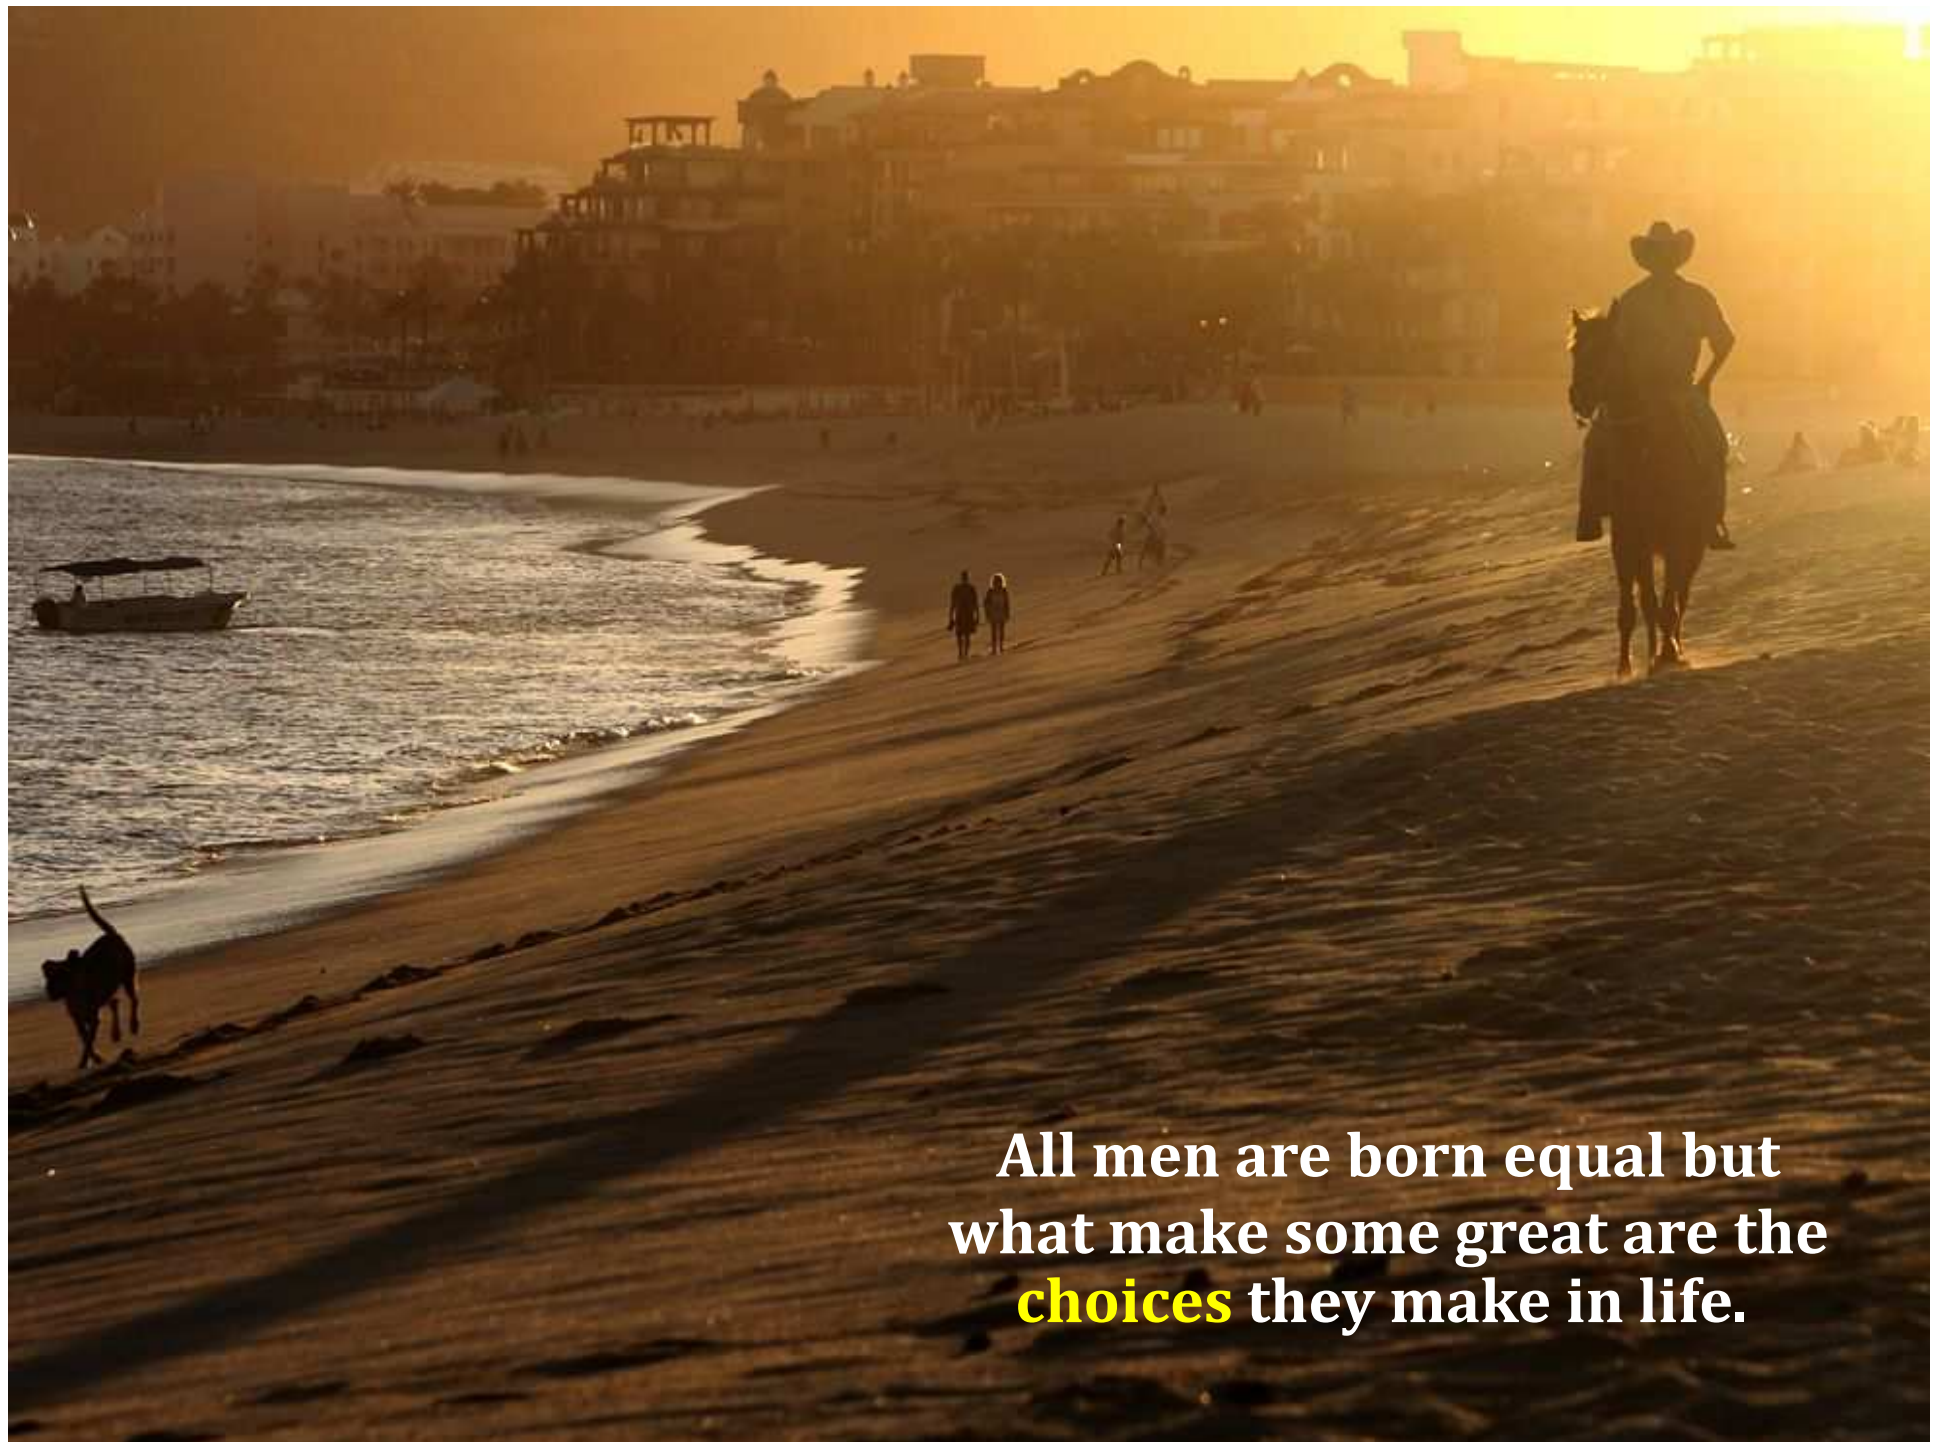

An aerial photograph of a person swimming in clear, turquoise water. The water is shallow, revealing a rocky seabed with various sized rocks and coral. The person is a small figure in the middle of the frame, wearing a dark swimsuit and a swim cap. The overall scene is bright and clear, with the water's color ranging from light blue to deep turquoise.

Do you have **a burning desire**, a desire which rages as a flame within you, which can consume any opponent, any obstacle or is it just a flicker which is put out at the mere sight of an obstacle.

A photograph of a forest path covered in red leaves, with tall trees and a bright light at the end of the path. The scene is misty and atmospheric.

**Without a strong desire you
can hope to achieve nothing in
life. You should burn with **the
desire to succeed.****

All men are born equal but
what make some great are the
choices they make in life.

Have a firm conviction in yourselves and your talents. Believe that you were born to be great and that greatness is your birth right. With such a belief and conviction **no one would be able to stop you.**

Success **begins in the mind**;
think about success and
positive thoughts all day.

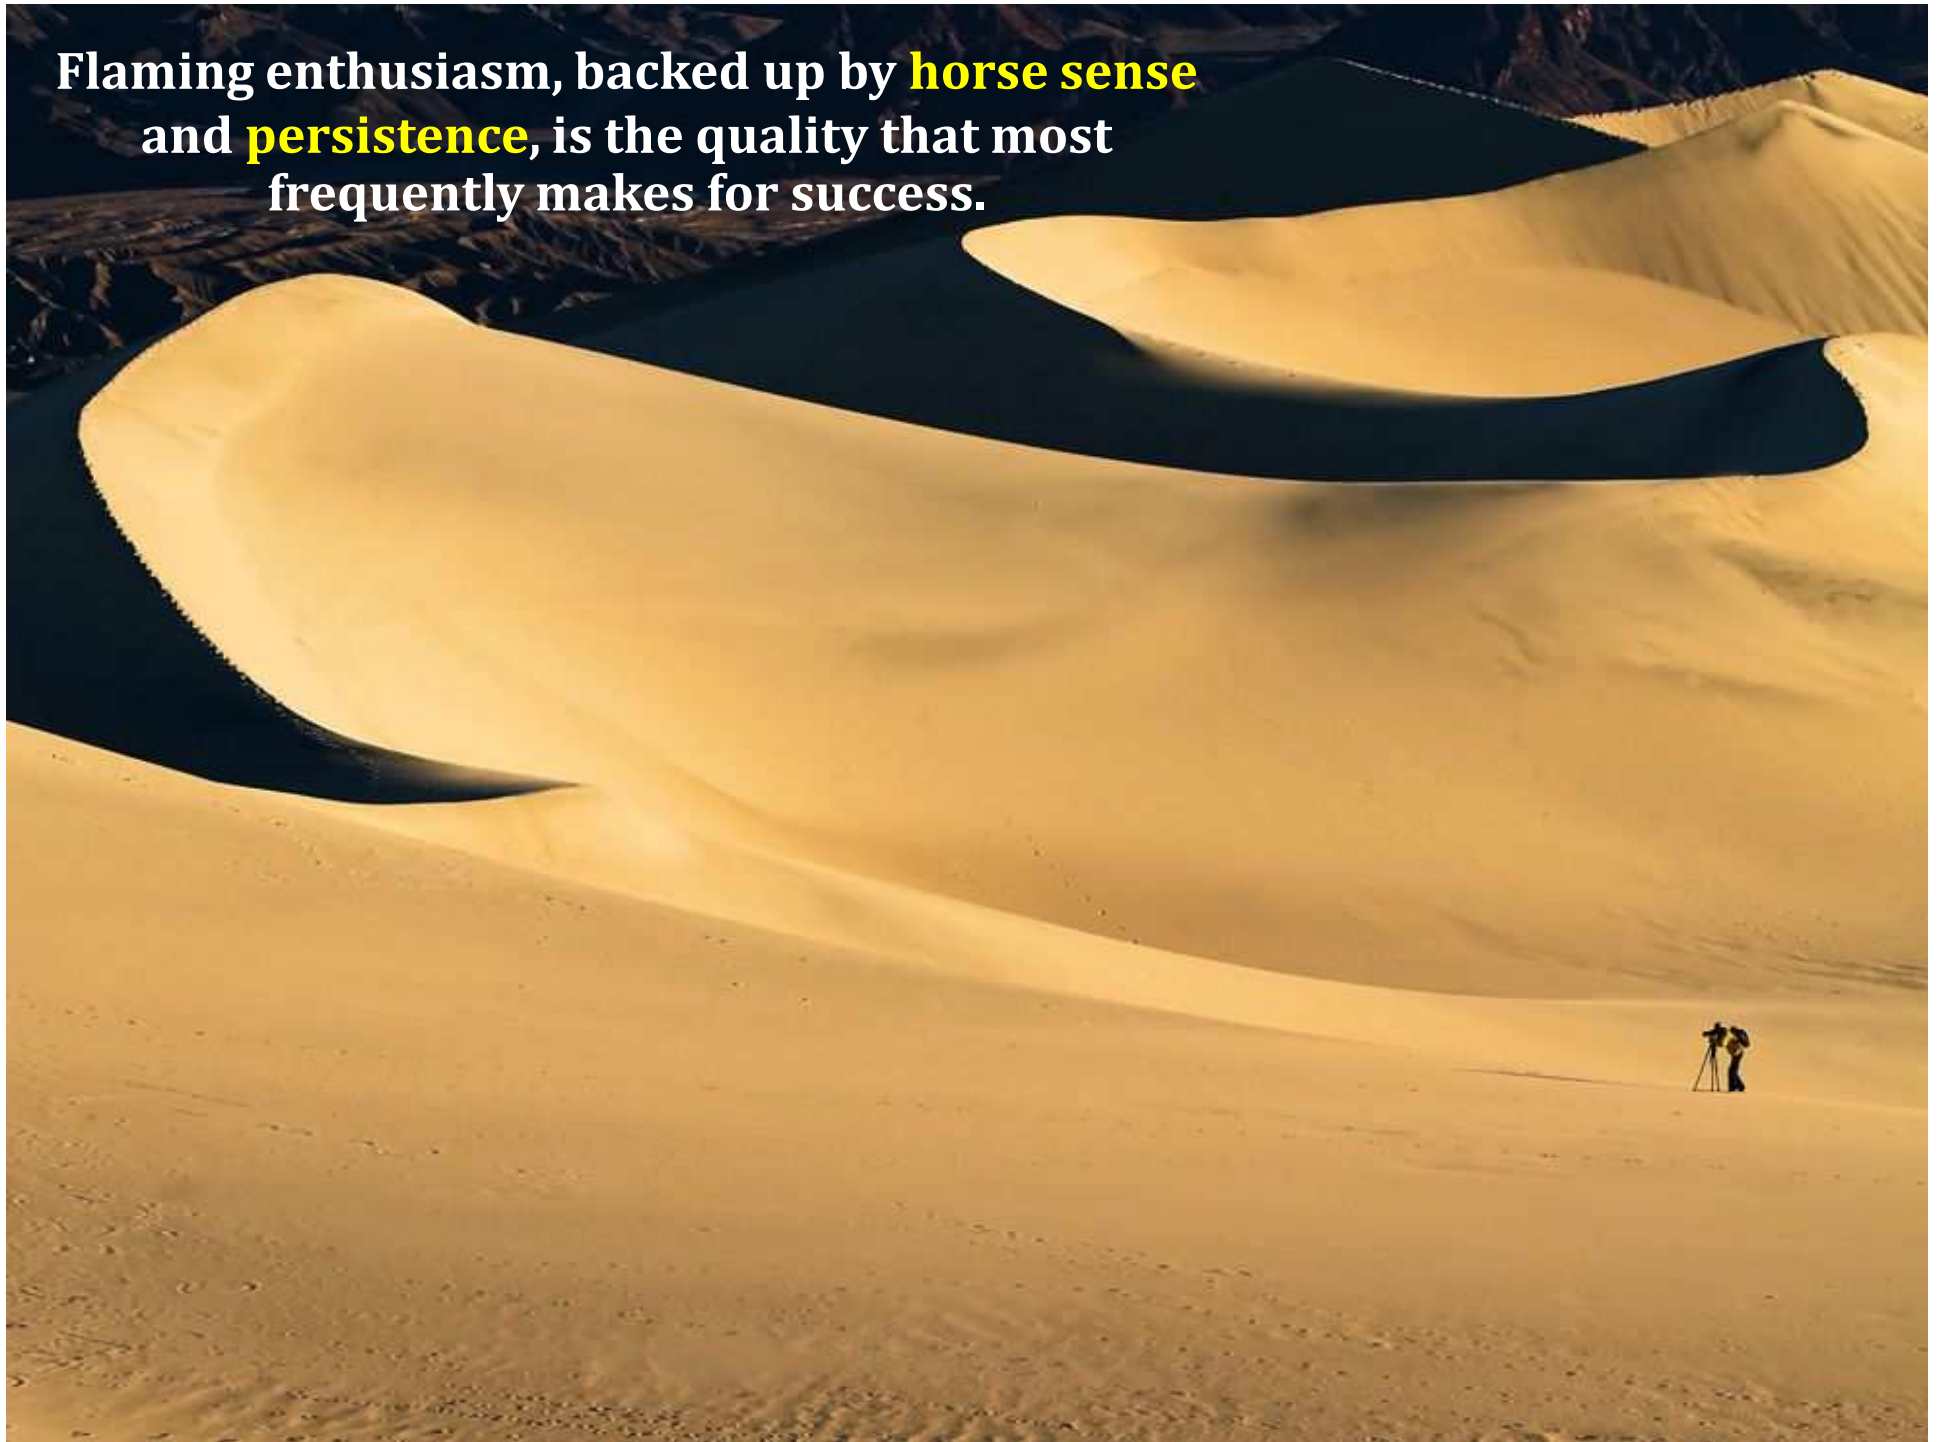

Stay hungry for success; look out for any small opportunity that might help you succeed. **Never give up, an attitude that is an absolute for success,** the road to success is paved with failure, no wonder that so many fail and few succeed.

Most people give up just when they're about to achieve success. **They quit on the one yard line.** They give up at the last minute of the game one foot from a winning touchdown.

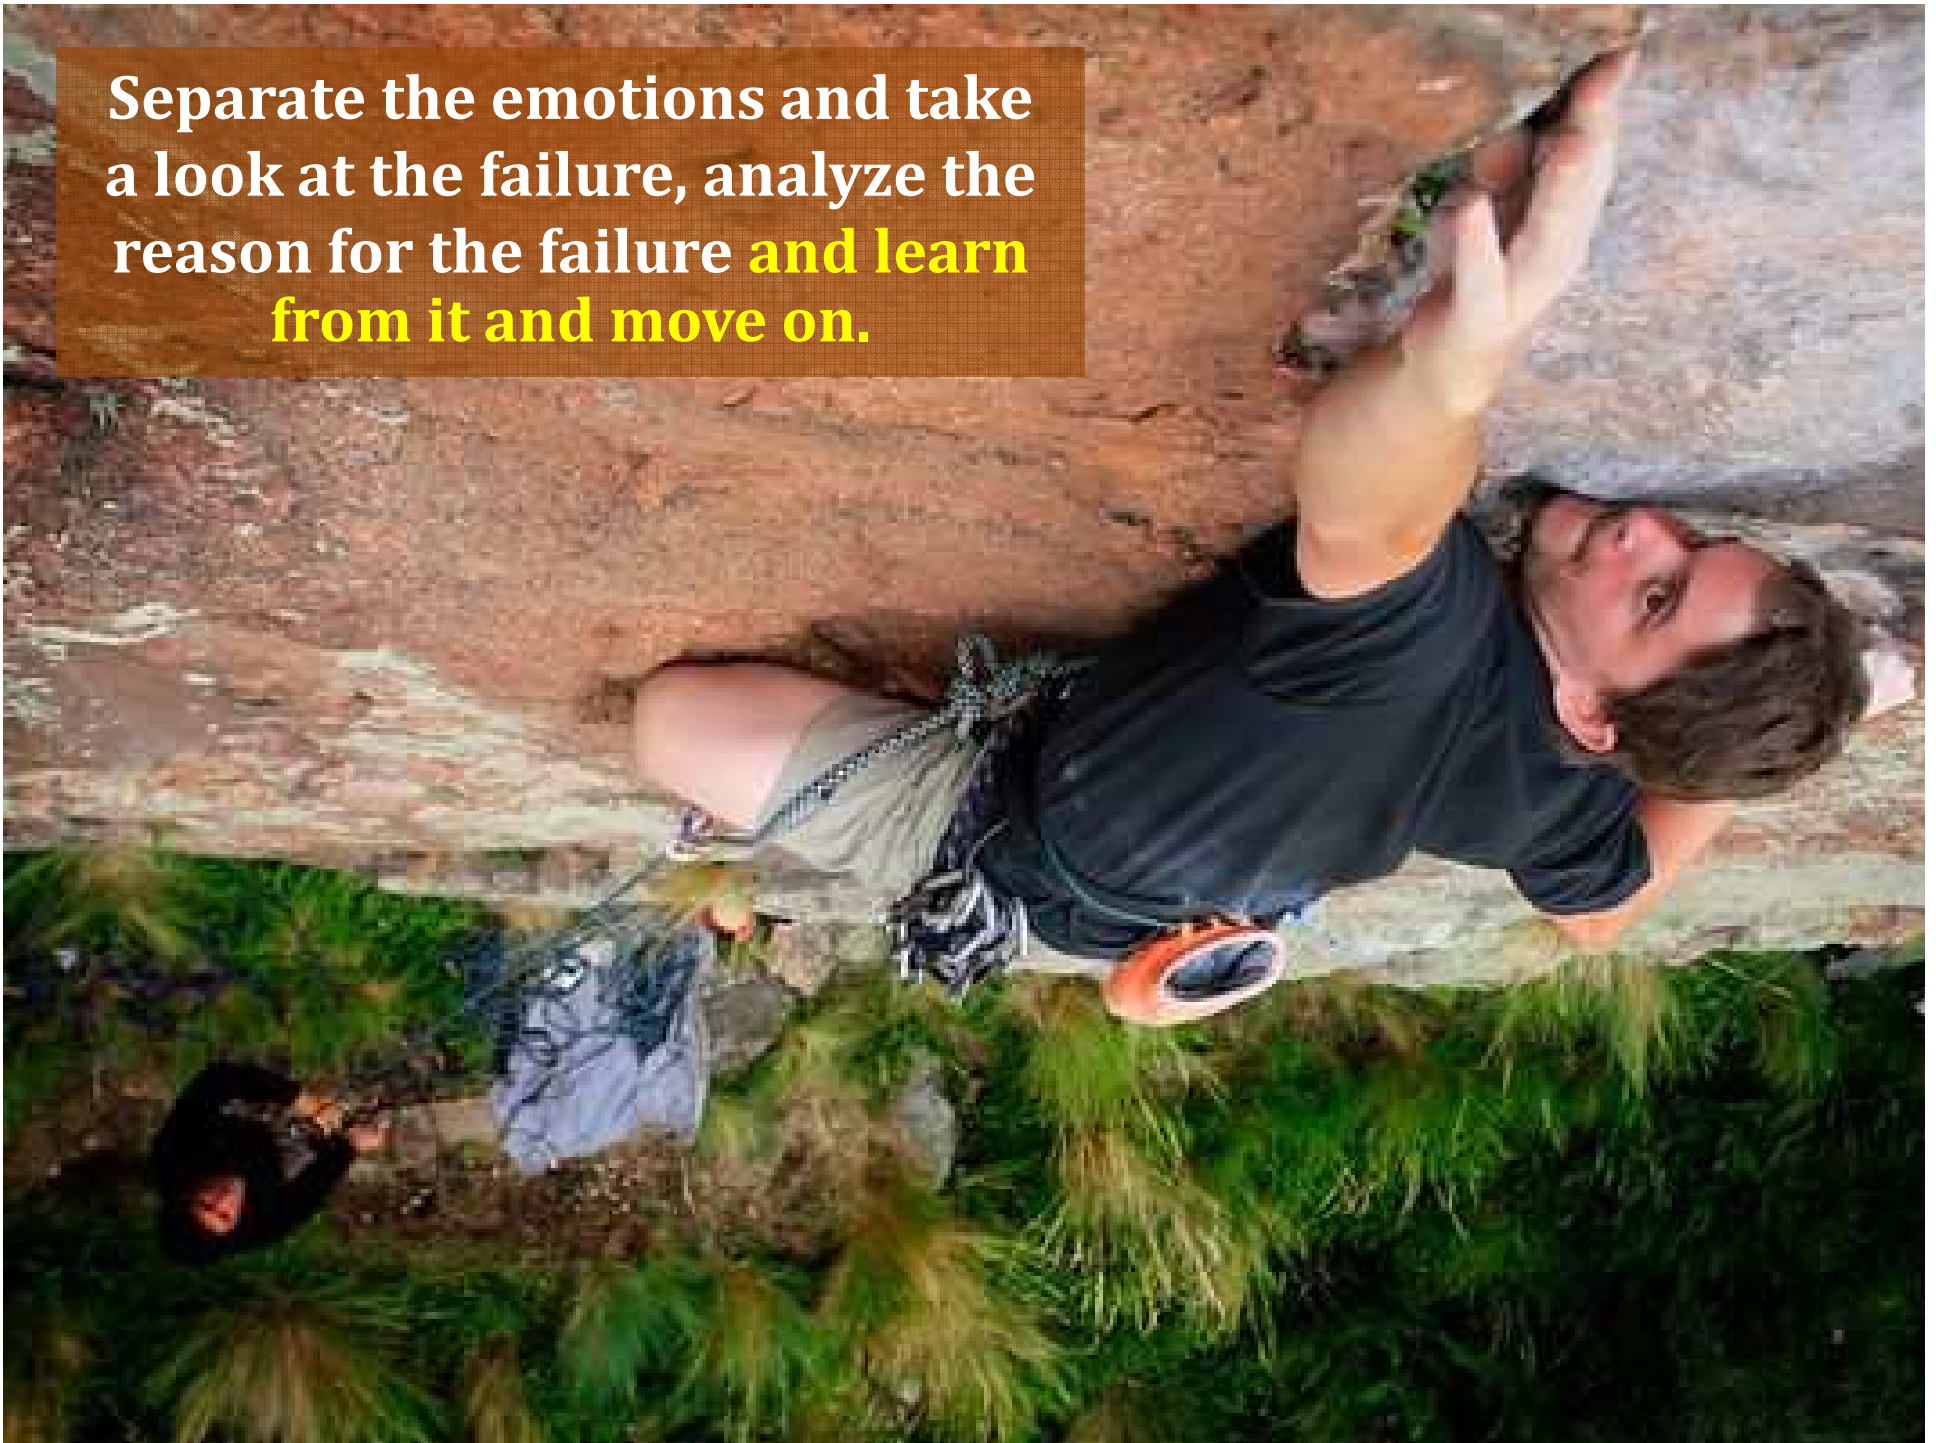

Flaming enthusiasm, backed up by **horse sense**
and **persistence**, is the quality that most
frequently makes for success.

You will also fail, **Failure is inevitable**,
but every time you fail, blaming and
cursing will not help.

Separate the emotions and take a look at the failure, analyze the reason for the failure **and learn from it and move on.**

Nature has a way of testing men. **It puts failures and obstacles in their way to test them.** This is nature's way of separating the great from the mediocre; this is to ensure that only the best succeed.

**It is said the journey of a thousand
miles must begin with a single step.
Take the first step; the first steps
are generally the hardest.**

Take the plunge, take the baby steps, move forward if only a few inches. **Do not wait for the perfect moment, it will never come.**

Start and many if not all the things can be sorted out along the way. **Start and be earnest, have a strong desire, persist and providence itself** will move and reach out to you to help you succeed.

What are you waiting for???
