

# **THINK BIG & ACT BIG –** **NOTHING IS IMPOSSIBLE**

(Satish Rajan – CA Student)

"INSPIRATION is what gets us started; MOTIVATION is what keeps us on track & HABIT is what makes it automatic."

I always have the habit of listing my goals in my Dreams list & taking action to implement & fulfill these goals, as I believed in the prophecy that, people who have tasted real success are those people, who have written down their goals, that motivated them in knowing & working towards their goals with dedication & commitment.

I salute one person who has conceived, believed & achieved almost all of his goals in HIS BIGGEST DREAMS list. He as a child at the age of 15 included 127 things he would like to do or see or experience during his lifetime. He is none other than JOHN GODDARD, the world's Greatest Goal Achiever.... Today he has completed 109 of 127 goals, which are listed in the below link - [http://www.johngoddard.info/life\\_list.htm](http://www.johngoddard.info/life_list.htm).

The LIST (Exploring vast rivers, climbing tallest mountains, studying Civilizations, doing research, exploring underneath the sea, visiting places round the globe, learning many arts, science, & doing many adventures) appears as though it is going to take more than 6 - 7 lives to achieve these with specialization but these goals are achieved in major period in a single life. His thirst for learning-insatiable, his attitude - unimaginable, his commitment - unmatchable, his enthusiasm - unbelievable.....he is my greatest soul to keep my life moments ticking!
