

Election to the Management Committee of the Chapters - 2014

Dear Members,

I wish to inform that the chapters, which are grass root level organizations of the institute are actively playing their supportive role in achieving mission and vision of the Institute by conducting various programmes and activities for the benefit of the students and members. Democratically elected members form the Managing Committees of the chapters are expected to conduct the affairs of the chapters, in accordance with the rules and guidelines of the Institute. We are quite conscious of the fact that the chapters, which spread across country require support, help and guidance from us.

Of late, I am receiving spate of communications from members with reference to the notification to Elections to the Managing Committees of the Chapters of the Institute, expressing their concerns over the decision of the Council, making it mandatory that only fellow members of the Institute are eligible to contest elections to the managing committee of Grade A+ and Grade A Chapters. Further, through these communications, members not only raised their apprehensions, but also gave constructive suggestions. I appreciate and believe in the true democratic values and processes.

I wish to assure you that the Council is actively considering the same in right earnest. Kindly be rest assured that the concerns raised by the members would be considered and acted upon in the best interests of the profession and the Institute.

I humbly appeal to the members to exercise restraint in sending more such communications to the Institute.

Kind regards,

CS R. Sridharan
President
