

AN OPEN LETTER TO LEADERS OF ALL POLITICAL PARTIES

Respected Sir/Madam

I am a practicing Chartered Accountant by profession and a concerned citizen of the country by identity. For last few days, we are disappointed to see that Parliament is not able to function due to obstructions created by the opposition parties in wake of the corruption charges against few leaders of the ruling party. So far Bhartiya Janta Party is concerned, it is having the taste of its own medicines prescribed by it when in opposition. So far main opposition party Congress is concerned, it is beyond our understanding that when Congress was in power and BJP used to create such obstruction, Congress called it wrong and unlawful, so why it is doing same wrong and unlawful act now? Can anybody justify one wrongful act by another wrongful act? Can murder of one person be justified by the murder of another person? There is a huge cost of running the Parliament which is borne by the people of the country. Parliament is a place where elected representatives of the people of this country make laws for the welfare of the people. It is not supposed to be closed to satisfy ego of the one party or individual in gross negligence of the welfare of the people. If anything wrong has been done by the leaders of the ruling party, there are proper forum investigating the matter. Still if resignations are necessary in the opinion of the opposition, nobody has stopped you to protest on streets, parliament, social media, mainstream media etc. to create pressure on the Government while allowing the parliament to function. There are important bills lined up for discussion which can bring a major change in the economy of the country. In the interest of the nation, it is necessary for the Parliament to function. This fact has to be accepted by all parties **including BJP** that creating obstruction in the Parliament is not a solution for any problem. All parties must take an oath that under any circumstances, they will not create obstruction in the functioning of the Parliament. 120 crore plus people of this country have chosen you to fight with corruption, poverty, inflation, un-employment, illiteracy etc. and not to fight with each other to satisfy your ego. I have written this open letter in my personal capacity as a citizen of the country. I might have voted for a particular party, but that does not mean that I am writing this letter due to my voting preference. This letter is not aimed at any particular political party. Jai Hind..
