CHANCE

A photograph of a paved road winding through a dense forest. The sun is low on the horizon, creating a bright, hazy glow that filters through the trees, casting long shadows and illuminating the mist. The road is flanked by tall evergreen trees and lush green undergrowth. The overall mood is serene and quiet.

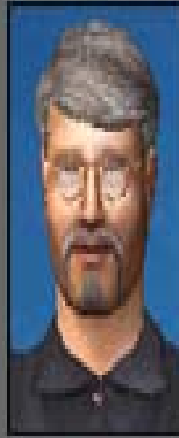

Its another
Morning

I have to go to *office*

I Saw Today's Newspaper

Ohh!!! This is ME...

Alexander Rodriguez (1966-2008)

Dying so young. What a disaster...

I shouted having a glance on my snap in
today's newspaper

What the hell it is doing in the
Death Column?

One Sec...
Let me **Think!**

When I was going to bed, Last Night
I have severe Pain in My Chest

My Boss will
get a chance
to irritate me

But.. Where is Everyone?

I Think There is a Crowd outside my Room.
But Why Some of them Crying

I Looked inside the Room

I Was Lying on the Floor

I Was Shocked

Hey listen...
I am here with you.

I Shouted

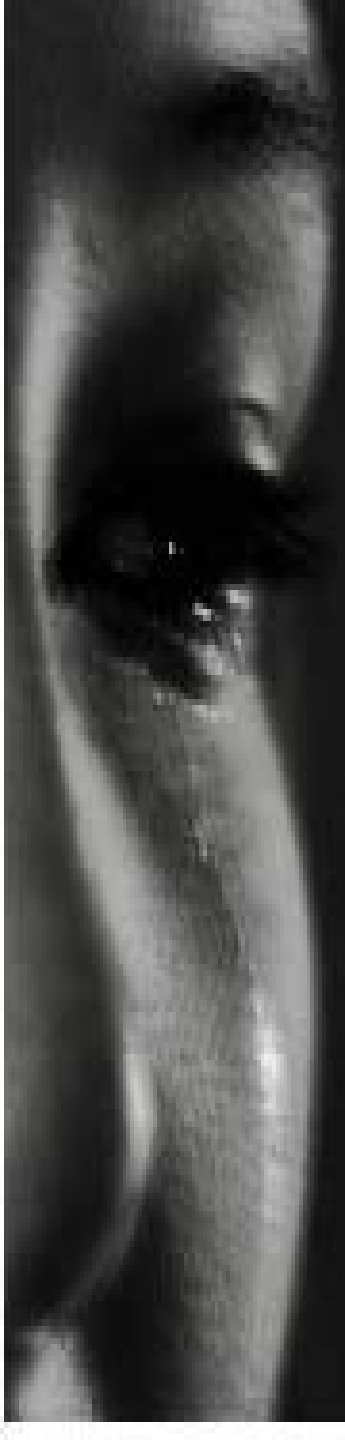

Nobody was Looking at me
They were watching my body
Lying on the floor

AM I DEAD?

I asked myself

Where is my Wife, My
Children, My Friends?

She
Was
Crying

I Saw my Wife in Next Room

She was
Looking
Very
SAD

My little kid was also *crying* because her Mom was SAD

A person wearing a bright orange jacket is riding a bicycle away from the camera down a dirt path in a forest. The path is flanked by tall, thin trees, and sunlight filters through the canopy above. The scene is peaceful and scenic.

How Can I Go Without
Saying My Wife that
She was the most Beautiful
and Caring Wife in this
World.

How Can I Go
Without Saying
My Kid
that
I Really Love Them
I Really do Care
For them!

A photograph of a misty forest path. Tall, slender trees line the path, their branches reaching out. The ground is covered in fallen leaves and dappled with sunlight. In the distance, a small figure is visible on the path, adding a sense of solitude and journey to the scene.

How Can I Go Without Saying My
Friends that

Without them perhaps, I have done
Most of the wrong things in
My Life

Oh! The Guy there was used to be my Best Friend

Small Misunderstanding made us apart

I just want to say him
SORRY

It seems no one is
able to see me

Am I Really DEAD?

I asked myself

I sat
Down
Near
ME.
I was
also
feeling
like
crying

I prayed..

I Saw My Wife entered the Room

I Wanted to Tell her that...

To the world you might be one
person,

but to one person you might be the
world.

GOD

Ohh
God

I Screamed

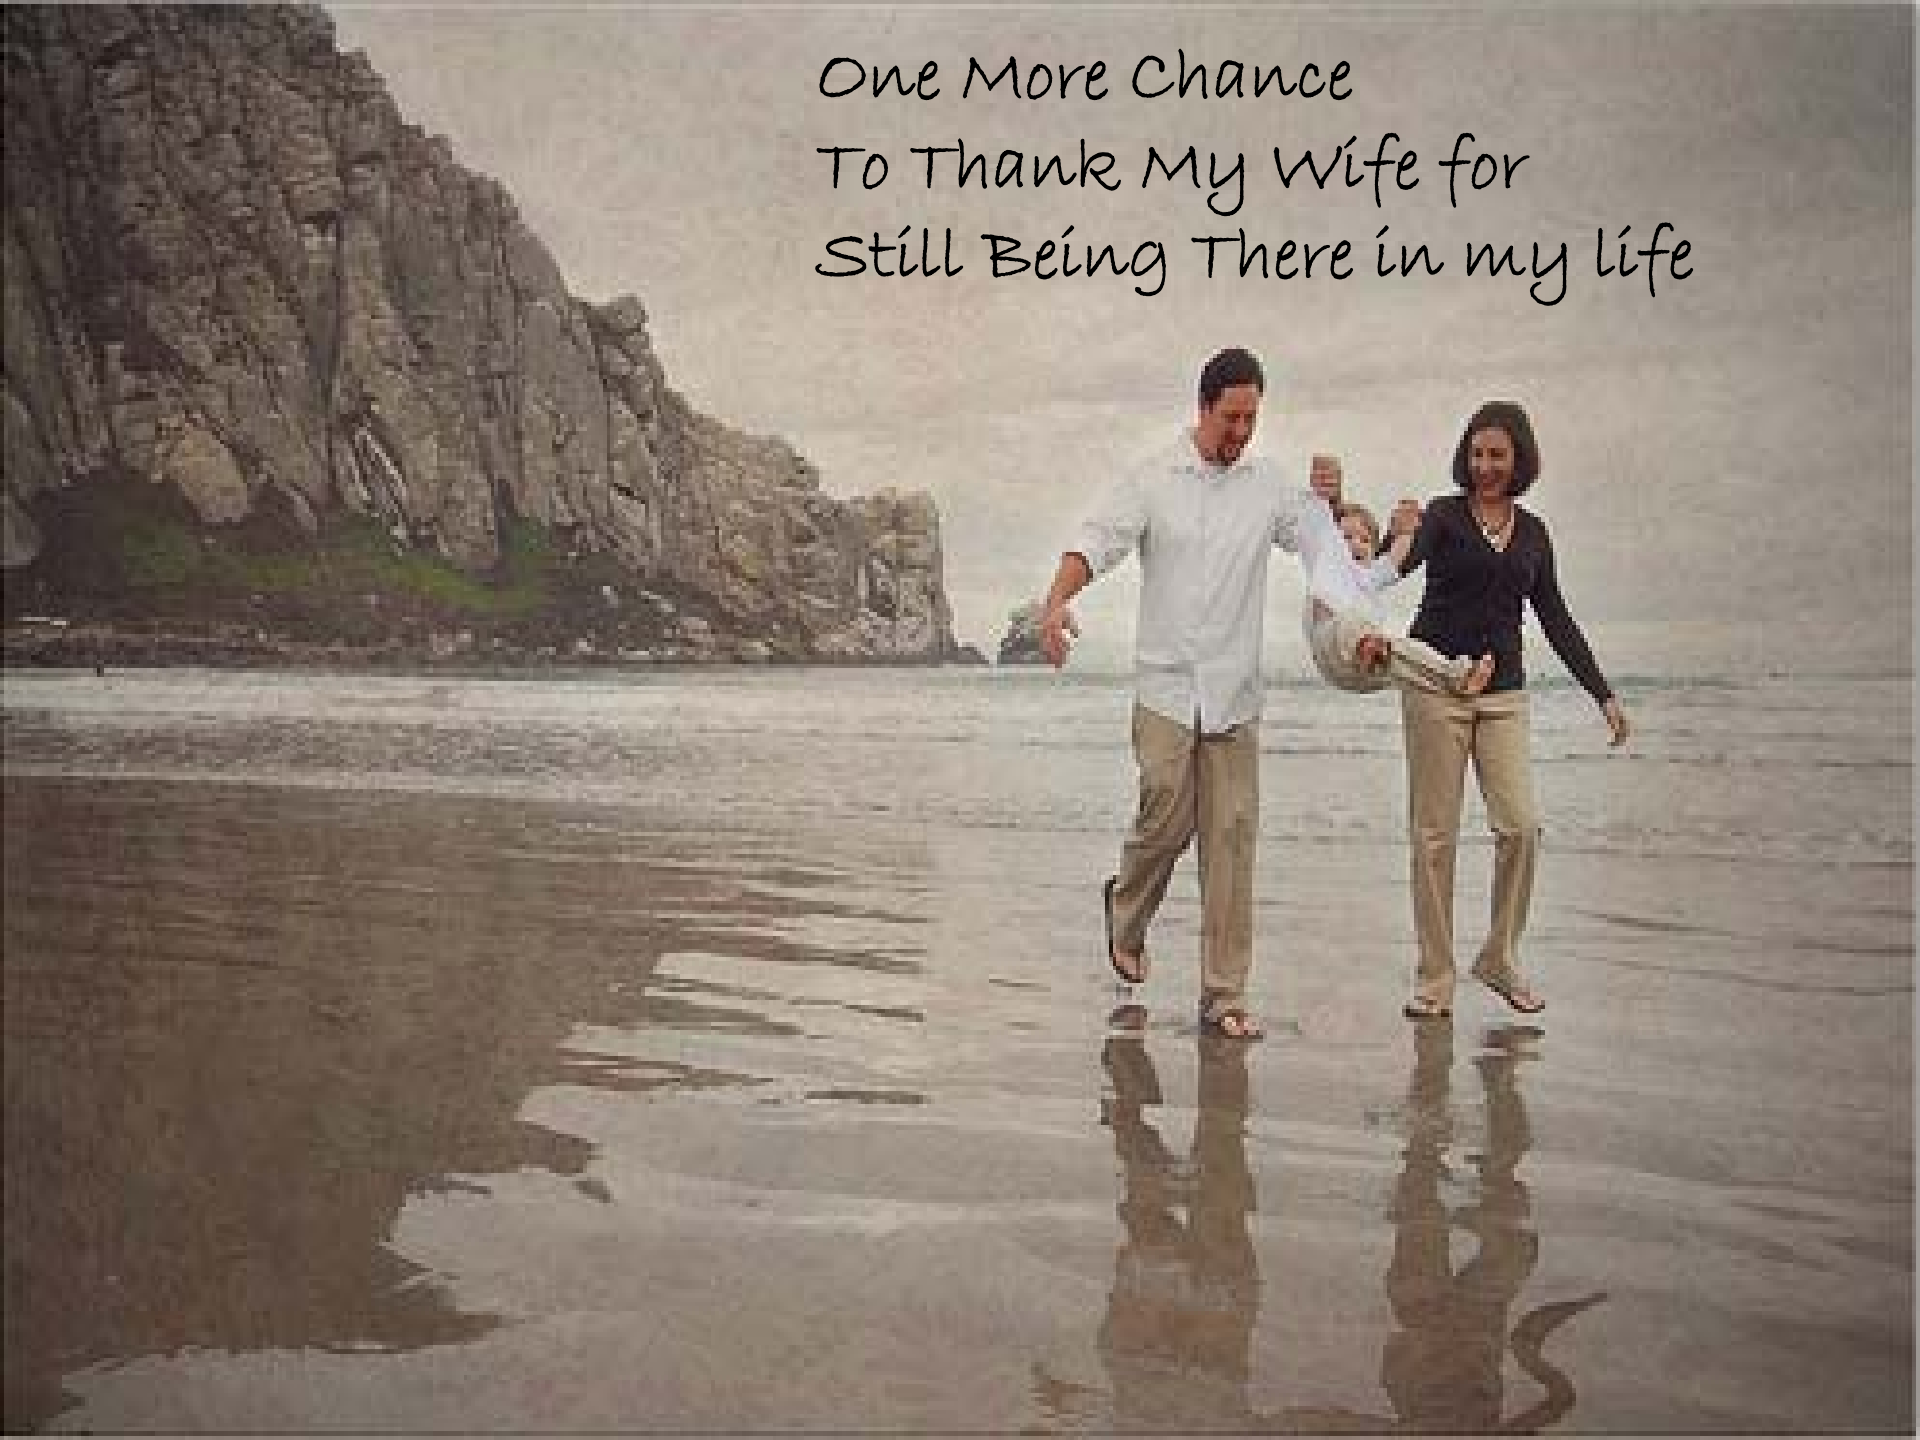

A Little More Time
PLEASEEEEEEEEEEE!

One More Chance to
Hug My Child

One More Chance
To Thank My Wife for
Still Being There in my life

I Shouted..

God, One More Chance
Please...

"You Shouted in Sleep" My Wife
Said.....

"Did you have a Nightmare?"

Oh! Thank God, it was just a DREAM.
I was sleeping

I hugged her and whispered..
"You are the Most Beautiful and Caring Wife in this Universe,
I really Love You".

I Prayed..

Thank you God For This Second Chance

Its not too late for all of you
