The main objective of the LLP is to undertake and carry on the business of providing all kinds of Information technology based Taxation and Accounting enable outsourcing services in India and Abroad. We do outsourcing for Taxation, Accounting and Book keeping, Payroll Accounting, Bank Mortgage Scrutiny and Transaction Processing Outsourcing Services for **UAE, US, UK, CANADA, AUSTRALIA & EUROPEAN UNION.**

PROFESSIONAL PROFILE

Within a small duration of 5+years KAMP has become one of the India's fastest growing business entity to carry out Business Process Outsourcing (ITES BPO) worldwide. Our specialty includes Accounting & Book-Keeping, Payroll, Taxation, Audit and Transaction Processing (AR & AP) for CPA's , SME's , LLC's and corporate houses. Our latest and sophisticated technology allows us to deliver reliable methodology for our clientage so that the complete outsourcing venture becomes **cost effective** .

About Us

KAMP in India has a multi-disciplinary team comprising of:

- Chartered Accountants
- Management Graduates
- Engineers, CISA / ISA professionals and Information Technology professionals
- Cost Accountants
- Company Secretaries and Law Graduates
- Finance Management

Our people are equipped with the requisite skills, industry acumen and experience to deliver customized solutions to help minimize the risks and maximize returns from your operations.

Our teams practice under different industry and service verticals and work closely with our clients to offer tailored expertise for their local and global operations. Our clients across a wide range of businesses and borders benefit from our team's ability to respond with speed and agility and the expertise of some of our industry's most respected practitioners.

What we Offer

We offer reliable processes that streamline and develop your accounting practices. Our talented team-experienced accounting and corporate secretarial professionals with a high level of expertise—is knowledgeable in all the major accounting software technologies.

Our extensive experience in regional and global engagements has given us an opportunity to act as the hub for outsourcing services in the Middle East. The key advantages of this model are:

- **A single enhanced point of contact**

Our team will be the point of contact for day-to-day communications for the entire Middle East.

- **Commitment to our best resources**

The BPO practice has full access to the KAMP network in servicing the client in these regions .

- **Better client satisfaction**

The services and the relevant advice can be provided in a clear and consistent manner. This provides greater accountability, with increased quality of service and consistent delivery.

PAYROLL ACCOUNTING

Our Global Employer Services (GES) unit provides clients with a fully-comprehensive payroll service tailor-made to meet individual client requirements. Such services include entrance interviews, tax reviews, social security, pension, employment law, international assignment policies, short-term business travelers, exit assistance and much more.

Using specialist payroll software, we deliver a high-quality service, punctually, consistently and with confidentiality.

Our team already operates on a large scale with services covering Middle East. Whilst many of our local offices in the Middle East have outsourcing capabilities, the Dubai practice acts as the hub for payrolls managed in this region. We offer strict confidentiality, a flexible fee structure and salary administration costs, with a responsive and personal service to clients. We provide our payroll clients with the following services:

- Payments to employees
- Calculation of employer and employee tax and social insurance
- Preparation and distribution of pay slips, expenses and other claims
- Related management reporting—e.g. payroll reconciliation, bank reconciliation, journal entries and payroll related accruals
