ICAI in Media : Glimpses of February 2022

STATESMAN NEWS SERVICE
SEASIDE, 22 FEBRUARY

As per the advice of former President of India, the late A.P.J. Abdul Kalam, members of the Institute of Chartered Accountants of India (ICAI) have said they are determined to work towards nation-building.

Speaking to reporters here today, ICAI president Dr Debashis Mitra said: "Chartered Accountants, paying respect to former Indian President Abdul Kalam, are always engaged in nation-building. Abdul Kalam said 'Chartered Accountants are partners of nation-building. We will do everything hand-in-hand and shoulder-to-shoulder with both the states and the Cen-

re for the development of the industry not only in a state, but also for the country.

"There should be good relations, an ideal situation, between the Centre and the state to bring in overall development as well as industrial development. West Bengal is a huge state. The present state government is doing its best when it comes to industrial development. West Bengal has a great legacy of industrialisation and it was a leader in India till the 70s. We believe these days will come back in Bengal," Dr Mitra told this correspondent later.

Showcasing ICAI's social services and community development, Dr. Mitra highlighted the Micro, Small & Medi-

umEnterprises (NSME) sector and said: "We plan to reach out to the common people with literacy campaigning as well as educate them about basic knowledge of accounts, taxes and financial matters. We

five subjects

Dr Mitra was here to attend the 'bhokan puja', which was organised on a new plot of land allotted by the Siliguri Jalpaiguri Development Authority (SJDA) at Kanakbali near Siliguri, where a new building for the Siliguri branch of the Eastern India Regional Council (EIRC) of the ICAL will come up. The EIRC, started functioning as a chapter in the North Bengal Chartered Accountants Chapter in the year 1983 and became a full-fledged branch under the ICAL in 1994 and had constructed a building near Gumbani More in Siliguri 1995.

As the number of members has gone up to over 700, and with 1,500 students, the new building is coming up with

state-of-the-art facilities including a seminar hall, library and computer lab, for the development of members, students and stakeholders. Notably, the Saligar branch secured the second best branch status at the national level under the leadership of Chartered Accountant Namsh Agarwal.

Addressing the Press, Dr. Mirra, said "ICAI was set up on 1st July 1949, by an Act of Parliament, before India became a Republic. ICAI, a non-profit organisation, is the second largest accounting body in the world. We have 2.5 lakh members and 7.5 lakh students in 164 branches across the country, comprising five regions, and Siliguri is one of them."

"The peak, the construction of the building on 20 cottas of land will be completed within a year. The estimated cost of the building is Rs.3 crore. It will serve as a professional study centre for students not only of this region, but also other states like Sikkim and even other countries like Nepal. When, during the Covid-19 pandemic, virtual classes have been introduced, the whole country will benefit from the Siliguri branch," he added. He also said that there will be no problems for poor and meritorious students to do professional studies, as expenses are less compared to other professional courses, when it comes to becoming a CA with the help of provisions of scholarship from the ICAI.

ICAI elected new president, vice-president

GUWAHATI, Feb 13: The Council of the Institute of Chartered Accountants of India (ICAI) has elected its new president and vice-president for the term 2022-23, stated a press release.

Chartered Accountant (CA) Debashis Mitra has been elected as the president and CA Aniket Sunil Talati has been elected as the vice-president of the ICAI with effect from February 12. The ICAI, established by an Act of Parliament in 1949, has proven its mark as an elite, world-class institution devoted to upholding the values of transparency, accountability and integrity. With over 3.40 lakh members and over 7 lakh students, ICAI is the world's second-largest accounting body. Through its 5 Regional Councils, 164

Branches, 44 Overseas Chapters & 29 Representative Offices, the Institute is taking forward its agenda of inclusive growth and continues to add glory to the profession.

The affairs of the ICAI are managed by a Council in accordance with the provisions of the Chartered Accountants Act, 1949 and the Chartered Accountants Regulations, 1988. The Council consists of 40 members, of whom 32 are elected by the Chartered Accountants and the remaining 8 are nominated by the Central Government, generally representing the Comptroller and Auditor General of India, Ministry of Finance, Securities and Exchange Board of India and other stakeholders.

'ICAI will explore use of blockchain tech in auditing'

PRESS TRUST OF INDIA

Kolkata, February 17

The Institute of Chartered Accountants of India will explore the use of blockchain technology in auditing, said its new president Debashis Mitra.

"Artificial intelligence and blockchain technology will be the focus among the emerging technologies. We will explore how blockchain can be used in auditing," Mitra told PTI.

'Peer review'

He said the ICAI's decision to mandate a peer review for certain categories of firms rendering assurance services to specific classes of entities will go a long way in enhancing audit quality.

The implementation will begin in a phased manner from April 1 with practice units that have undertaken a statutory audit of enterprises, having equity or debt securities listed in India.

Over the next three years, the roll out will steadily cover firms providing assurance services to unlisted companies.

Mitra said the institute's recently-launched Audit Quality Maturity Model - Version 1.0 (AQMM v1.0) will help sole proprietors and audit firms to self-evaluate audit maturity, identify areas where competencies are lacking and develop a roadmap for achieving a higher level of maturity.

"ICAI is committed to being a partner in achieving the UN Sustainable Development Goals (SDGs) 2030 Agenda and strengthen the sustainability reporting ecosystem in the country," he said.

Meanwhile, ICAI has decided to waive 75 per cent fees for the students of Jammu and Kashmir, Ladakh and the eight North-Eastern States for all levels of CA course including Foundation, Intermediate and Final till March 31, 2025.

लेखांकन में ब्लॉकचेन तकनीक के इस्तेमाल की संभावनाएं तलाशोगी आईसीएआई

- मुख्य जोर प्रौद्योगिकी पर होगा, इससे नये अवसर पैदा होंगे
- आईसीएआई के फैसले से लेखांकन की गुणवत्ता को बढ़ाने में मदद मिलेगी

संवाददाता, कोलकाता

आईसीएआई के कार्यक्रम में मौजूद संस्थान के पदाधिकारी व प्रतिनिधिगण.

आईसीएआई के नवमिष्ठ अख्यक्ष डॉ देवाशीष मिश्र ने कहा कि 'चार्टर्ड एकाउंटेंट्स' की शीर्ष संस्था लेखांकन में ब्लॉकचेन तकनीक के इस्तेमाल की संभावनाएं तलाशोगी. उन्होंने कहा कि भारतीय चार्टर्ड एकाउंटेंट्स संस्थान (आईसीएआई) का मुख्य जोर प्रौद्योगिकी पर होगा, क्योंकि इससे नये अवसर पैदा होंगे. उन्होंने कहा, कृत्रिम मेधा और ब्लॉकचेन टेक्नोलॉजी जैसी उभरती प्रौद्योगिकियों पर जोर होगा. हम

का पता लगायें कि लेखांकन में ब्लॉकचेन का उपयोग कैसे किया जा सकता है. मिश्र ने कहा कि कुछ श्रेणियों की संस्थाओं के लिए एक समकक्ष समीक्षा तंत्र को अंतिम करने के आईसीएआई के फैसले से लेखांकन की गुणवत्ता को बढ़ाने में मदद मिलेगी. मेरालाब है कि मद्रास के एक पांच सितारा होटल में आईसीएआई के नवमिष्ठ अख्यक्ष डॉ देवाशीष मिश्र को सम्मानित किया गया. इस दौरान

आईसीएआई के पूर्ण अख्यक्ष मन भी उपस्थित थे. मौके पर उपस्थित अख्यक्ष डॉ देवाशीष मिश्र ने कहा कि, 'चार्टर्ड एकाउंटेंट्स देश भर के कई बड़े संस्थानों से जुड़े होते हैं. ऐसे में हमारा उद्देश्य कंपनियों के मुनाफे को बढ़ाने के लिए साथ देना है और पर्यवेक्षण की रक्षा के लिए भी हमें कार्य करना होगा. इसके साथ ही ऑडिट के क्षेत्र में आईसीएआई को योगदान बढ़े इस विषय पर भी हमें ध्यान रखना होगा.

क्या है ब्लॉकचेन तकनीक

जिस प्रकार हमारी-लाखों कंप्यूटरों को आस में जोड़कर इंटरनेट का आविष्कार हुआ, ठीक उसी प्रकार ठेका बॉक (आकड़ों) की लंबी श्रृंखला को जोड़कर उसे ब्लॉकचेन नाम दिया गया है. ब्लॉकचेन तकनीक में तीन अलग-अलग टेक्नोलॉजी का समन्वय है, जिसमें इंटरनेट, पर्सनल 'की' (मिनी कुंजी) की क्रिप्टोग्राफी अर्थात् जानकारी को गुप्त रखना और प्रोटोकॉल पर नियंत्रण रखना शामिल है. ब्लॉकचेन एक ऐसी तकनीक है जिससे डिजिटल तथ्य अथवा क्रिप्टो-कॉपीस का संग्रहण होता है, यदि सरल शब्दों में कहा जाये तो यह एक डिजिटल 'सार्वजनिक बही-खात' है, जिसमें प्रत्येक लेन-देन का रिकॉर्ड दर्ज किया जाता है. ब्लॉकचेन में एक बार किसी भी लेन-देन को दर्ज करने पर इसे न तो वापस से हटाया जा सकता है और न ही इसमें संशोधन किया जा सकता है. ब्लॉकचेन के कारण लेन-देन के लिये एक विश्वस्तनीय तीसरी पार्टी जैसे-बैंक की आवश्यकता नहीं पड़ती.

THE ECONOMIC TIMES

ICAI to explore use of blockchain tech in auditing

Synopsis

The implementation will begin in a phased manner from April 1 with practice units that have undertaken a statutory audit of enterprises, having equity or debt securities listed in India.

PTI, Last Updated: Feb 17, 2022

Chartered accountants' apex body ICAI will explore the use of blockchain technology in auditing, its new president Debashis Mitra said. Technology will be a major focus of the Institute of Chartered Accountants of India (ICAI) as it not only disrupts but will also creates opportunities, Mitra told PTI.

"Artificial intelligence and blockchain technology will be the focus among the emerging technologies. We will explore how blockchain can be used in auditing," he said.

Mitra said the ICAI's decision to mandate a peer review mechanism for certain categories of firms rendering assurance services to specific classes of entities will go a long way in enhancing the audit quality.

The implementation will begin in a phased manner from April 1 with practice units that have undertaken a statutory audit of enterprises, having equity or debt securities listed in India.

Over the next three years, the rollout would steadily cover firms providing assurance services to unlisted companies.

Mitra said the institute's recently-launched Audit Quality Maturity Model - Version 1.0 (AQMM v1.0) will help sole proprietors and audit firms to self-evaluate their current level of audit maturity, identify areas where competencies are lacking and develop a roadmap for achieving a higher level of maturity.

"ICAI is committed to being a partner in achieving the UN Sustainable Development Goals (SDGs) 2030 Agenda and strengthen the sustainability reporting ecosystem in the country," he said.

Meanwhile, ICAI has decided to waive off 75 per cent fees for the students of Jammu and Kashmir, Ladakh and the eight Northeastern states for all levels of CA course -- Foundation, Intermediate and Final -- till March 31, 2025.
