

Many won't believe that till yesterday (14.04.2022) I didn't watch even KGF Chapter 1, till my wife told me, we should go for KGF Chapter 2 since it has been released.

I said- I didn't even watch Chapter 1 yet so how I will understand the Chapter 2. She immediately said ok Watch it Now on OTT. At first I was thoughtless what to react. Then I said Ok let's watch it. Even I have heard a lot about this

movie.

So immediately I opened prime & watched it in one go.

I will share you what happened next. I booked ticket for Chapter 2 for next day i.e 14.04.2022.

I was just got mesmerized watching both chapter of the movie. I thought of sharing what I learnt from the movie. List is long but here are 9 lessons that came into my mind first-

KGF (Kolar Gold Fields) Chapter 1 (2018) & Chapter 2 (2022) is a Indian Kannada-language period action film directed by Prashanth Neel

1. REMEMBER WHERE YOU CAME FROM

If everyone remembers where they came from, many would value the things they have more than what they respect it right now and will be more humble.

2. GRAB THE OPPORTUNITIES

There's a old saying that 'Optimist sees opportunity in every difficulty'. Actor does that when Bangalore King asks him to help in 'ek haathi ko mar girana hai' and agrees to go for it.

Do **not** wait for a perfect opportunity. Instead, grab **any** opportunity and **make it perfect.**

3. GOAL SETTING

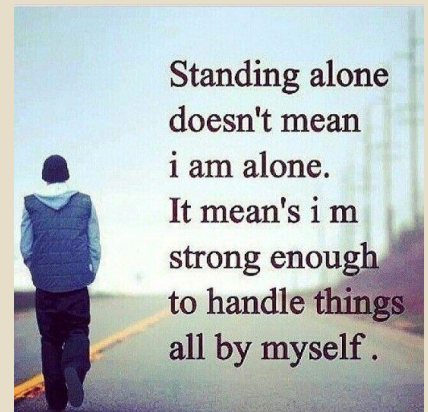

Rocky lived all his life pursuing above goal. In order to move forward whether in career or life, first we need to set goal and keep moving till our goal is achieved without quitting in between whatever difficulties path brings in.

4. DON'T LOSE HOPE:

When Rocky enters the Entrance of Narachi, everything seems so against him. But him being a tough character, gives time for himself to understand the things and engage himself in tasks to know the system prevailing there.

5. NEVER FEAR TO STAND ALONE

We have to differentiate from the rest to stand out. Similarly, be confident on your abilities and be a stand out from the rest.

"Be a real man and respect women."

6. RESPECT WOMEN

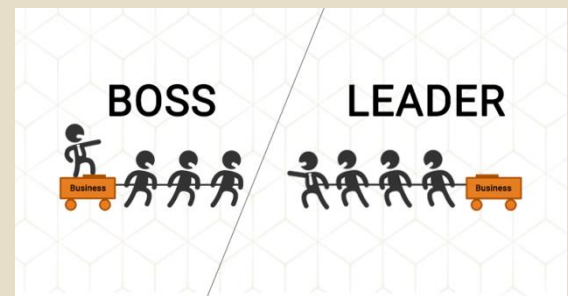

There were several scenes in this movie which it depicts his respect and admiration towards women.

*Everyone who puts his finger on the trigger is not a shooter!
Everyone who lays his hand on a girl is not a man!*

7. BE AMBITIOUS

माँ...एक दिन दुनिया का सारा सोना तुम्हे लाकर दूंगा

Always aim higher as you get near to your goal.

8. SITUATIONAL LEADERSHIP

Don't be afraid to voice out something that you don't feel right. This type of leadership is the 'Situational Leader' that we would have shown in daily life.

9. BE COMPASSIONATE

The scene shows the importance of having empathy toward others. In that scene a young mother with a son dropped a bun on a busy road and struggling hard to get that bread. Have empathy for others whatever position you achieve.

Here come my most favorite quotes-

इतिहास हमें बताता है कि
शक्तिशाली लोग शक्तिशाली स्थान से आते हैं।
इतिहास गलत था,
शक्तिशाली लोग स्थानों को शक्तिशाली बनाते हैं।
