

HEADING:

Income Tax and TDS Passwords

BRIEF:

Many of us get confused while opening the PDF downloaded/received from various government sites. The Income tax and TDS Site also contain many documents which require different type of Passwords to open the PDF downloaded/received from the respective sites. One person cannot remember all types of PDF passwords because the passwords are nearly same and contains a minor change which makes it even more confusing.

ARTICLE INTRO:

Following is the table which contains various functionalities and the types of password format required for it.
