PCC/IPCC COSTING FM – Important Topics For MAY 10 Exams BY TARUN JHALANI

Most of the students ignore this important portion while preparing for the examination, while some of the students who prepare this portion initially, are unable to revise it just before the examination due to its volume correlating with the time constraint.
This is just an attempt to reduce the volume to enable quick revision during the crucial hours.
If these section prove to be helpful (even minutely in any context), then the basic purpose would become successful. Feedback of any type whether positive or negative will be highly appreciate mittalc.a42@gmail.com or 9351547970 (pinki gupta)

RANKING ORDER
