

ATTENTION STUDENTS!

ALLOTMENT OF EXAMINATION CENTRES ... DECEMBER, 2014 SESSION

Queries are being received from some of the students belonging to Chennai, Mumbai, Delhi, Kolkata etc. indicating their preference for appearing in the December, 2014 CS Examinations from certain Examination Centres near to their residence, etc.

Please note that it has been our endeavour to allot the best possible centre to each candidate enrolled for the examinations. However, due to administrative constraints like paucity of space in a particular centre, non-availability of centres in the nearby areas, etc. the Institute was left with no option but to allot alternative centres as available to accommodate such students. Students are advised not to make queries as well as requests for change of examination centres as the Institute will not be able to accede to their requests due to practical difficulties.

Please note that no correspondence in this regard will be entertained and students are advised to appear for the examinations from the respective centres allotted to them as shown in the Admit Card.

Co-operation of all students are solicited while wishing them all the best for the examinations.
