Notes:

Example:

Mr. A has commenced the business of manufacture of computers on 1.4.2016. He employed 350 new employees during the P.Y.2016-17, the details of whom are as follows-

	No. of employees	Date of employment	Regular/Casual	Total monthly emoluments per employee (₹)
(i)	75	1.4.2016	Regular	24,000
(ii)	125	1.5.2016	Regular	26,000
(iii)	50	1.8.2016	Casual	17,000
(iv)	100	1.9.2016	Regular	24,000

The regular employees participate in recognized provident fund while the casual employees do not. Further, out of 75, 50 and 100 regular employees employed on 1.4.2016, 1.5.2016 and 1.9.2016, only 40, 30 and 60 qualify as a "workman" under the Industrial Disputes Act, 1947.

Compute the deduction, if any, available to Mr. A for A.Y.2017-18, if the profits and gains derived from manufacture of computers that year is Rs. 75 lakhs and his total turnover is 2.16 crores.

Solution

Mr. A is eligible for deduction under section 80JJAA since he is subject to tax audit under section 44AB for A.Y.2017-18, as his total turnover from business exceeds Rs. 1 crore and he has employed "additional employees" during the P.Y.2016-17.

Additional employee cost = Rs. 24,000 × 12 × 75 [See Working Note below] = Rs. 2,16,00,000

Deduction under section 80JJAA = 30% of Rs. 2,16,00,000 = Rs. 64,80,000.

Working Note:**Number of additional employees**

Particulars	No. of workmen	
Total number of employees employed during the year		350
Less: Casual employees employed on 1.8.2016 who do not participate in recognized provident fund	50	
Regular employees employed on 1.5.2016, since their total monthly emoluments exceed Rs.25,000	125	
Regular employees employed on 1.9.2016 since they have been employed for less than 240 days in the P.Y.2016-17.	100	275
Number of "additional employees"		75

Note - Since casual employees do not participate in recognized provident fund, they do not qualify as additional employees. Further, 125 regular employees employed on 1.5.2016 also do not qualify as additional employees since their monthly emoluments exceed Rs.25,000. Also, 100 regular employees employed on 1.9.2016 do not qualify as additional employees for the P.Y.2016-17, since they are employed for less than 240 days in that year.

Therefore, only 75 employees employed on 1.4.2016 qualify as additional employees, and the total emoluments paid or payable to them during the P.Y.2016-17 is deemed to be the additional employee cost. From A.Y.2017-18, it is not necessary that the employee should qualify as a “workman” under the Industrial Disputes Act, 1947 for the employer to avail benefit under section 80JJAA.

Relaxation of minimum period of employment of an employee for the purpose of deduction under section 80JJAA, in case of assessee engaged in apparel business [Section 80JJAA]

Effective from: A.Y.2017-18

One of the conditions is that the employee should be employed for a period of not less than 240 days during the previous year.

Considering the seasonal nature of the business of manufacturing of apparel, the minimum period of employment of an employee who is employed in this business has been reduced from 240 days to 150 days during the previous year. Therefore, in the case of an assessee engaged in the business of manufacturing of apparel, deduction under section 80JJAA would be allowable in respect of additional employee cost incurred in respect of employees employed for a period of at least 150 days during the previous year.
