

Hello Students, I hope you all are doing great with your exams!!

Few things that I would like to share with you-

- *As always suggested, TRY to cover all the chapters for revision.*
- *Be mentally prepared, that, some part of the paper will be a little tricky.*
- *But yes, stay calm, try to attempt full paper!!*
- *Avoid discussing the paper with your friends after exams, there's no point in doing so!*

All the Very Best!!
