

**CA Final Advanced Auditing
Review of November 2008 Examination**

Dear Friends,

The Auditing paper of CA Final for this November 2008 examination was based upon the latest scenario going on in Industry. Good questions were asked from Accounting Standards. Students who prepared well for AS while preparing their Accountancy paper have come out in a jubilant mood. The real surprise for the students was the question 5 on SMC. In fact Q 5(a) (i) matches with questions from the Practice Paper 4, Q 1(b) of book of CA Kamal Garg. CA Kamal Garg also uploaded some probable questions on www.sreeramcoachingpoint.com and the following analysis reveals that most of the questions were from those probable questions

[@] Without considering questions from Accountancy (or in particular Accounting Standards) the total marks would be 110 Marks, else the total marks would be 140 Marks [i.e. 110 marks + 18 marks of question 1 + 12 marks of question 5(a)]

Overall a good question paper and the real test of students knowledge of AS, AAS
