person who had conducted the audit of mentioned GSTIN” field and otherwise if you had selected “No”, it will take you to **Part B (ii)** tab.

18. Do I need to login to GST Portal to upload the generated JSON file using GSTR-9C Offline Utility?

Yes. Taxpayer must login in to the GST Portal to upload the generated JSON file using GSTR-9C Offline Utility.

Log in to GST portal → Annual return → Select Financial year and click on Search → Click on ‘Prepare Offline’ option in GSTR-9C tile → Go to ‘upload’ tab.

19. How would Form GSTR 9C be verified and signed by Chartered Accountant/ Cost Accountant?

Once the Chartered Accountant/Cost Accountant fills up, validates and previews the required details in the GSTR-9C Offline Utility and clicks the **Generate JSON File to Upload GSTR-9C details on GST Portal** button, popup window appears to save the generated JSON file. When he/she selects the desired location to save the file and clicks “Save”, emSigner window automatically opens in a separate Internet Explorer browser window—if he/she has installed emSigner in the machine—using which he/she can sign the file by affixing his/her digital signature on it.

Note: Make sure, in PT V tab of the Worksheet, you have entered the same PAN with which you had registered your DSC. Otherwise, you won’t be able to e-sign using your DSC while generating JSON file.

20. Do I need to send the signed JSON File to the Taxpayer via GST Portal?

No, you cannot send the signed JSON File to the Taxpayer via GST Portal. You can email or send them offline via USB/storage device or by printing and sending the hard copy or by any other means suitable.

Uploading Signed GSTR-9C JSON File

21. Auditor has sent me the signed JSON File for upload. Can I review it and make changes to it?

No, you should not make any changes in the JSON file generated by the Auditor. During upload, GST System validates that no changes have been made by taxpayer in JSON signed by auditor. If you make any changes, the System will process your data with error and generate an error file. On importing this error report in the utility, a popup will be displayed asking you to get this JSON file re-signed by the Auditor as the Auditor's sign is invalid.

Thus, it is recommended that one should not tamper with the signed JSON File that has been sent for upload. Instead you can ask the Auditor to send you the Preview PDF File generated from the Offline Tool so that you can review it and look at the details entered by the Auditor in Form GSTR-9C. In case of any discrepancy, ask the Auditor to make corrections, sign and resend the updated JSON file to you for upload.

22. What can I do in case of any error shown by system on uploading the Signed JSON File?

Download the JSON error file and send it to the Auditor offline for corrections. Auditor would make corrections, sign and resend the updated JSON for upload.

23. I (as Auditor) have received JSON Error File from the Taxpayer. What do I do now?

Open the JSON Error File, received by the taxpayer, in the offline tool by clicking on “**Open GSTR-9C JSON Error File Downloaded from GST Portal**” button”. Correct errors as per details mentioned in “GST Portal Validation errors”, validate, sign and resend the updated JSON to the taxpayer for upload.

24. I have uploaded the Signed JSON File sent by the Auditor and it was processed successfully without error. Now, Auditor needs to edit or add more details in the successfully processed data. Can this be done?

Yes, you can make changes to the process data as long as you have not filed Form GSTR-9C. Once filed, Form GSTR-9C cannot be revised.

Thus, before filing, in case Auditor wants to add or edit data in the file that has been successfully processed without error, you need to download Processed GSTR-9C JSON File from GST Portal and send it to the Auditor offline for corrections. Auditor would make corrections, sign and resend the updated JSON for upload to you.

25. I am uploading a revised GSTR-9C JSON File sent by the Auditor. What will happen to details of the previous upload?

If some details exist from previous upload, it will be updated with latest uploaded details. All new entries will be added as new entries.

Initiate Filing of Form GSTR-9C

For detailed instructions on how to enter the amount details in each of these fields, refer to the following table (as available in the **Read Me** page).

Field Name	Help Instruction
5A. Turnover (including exports) as per audited financial statements for the State / UT (For multi-GSTIN units under same PAN the turnover shall be derived from the audited Annual Financial Statement)	The turnover as per the audited Annual Financial Statement shall be declared here. There may be cases where multiple GSTINs (State-wise) registrations exist on the same PAN. This is common for persons / entities with presence over multiple States. Such persons / entities, will have to internally derive their GSTIN wise turnover and declare the same here. This shall include export turnover (if any). It may be noted that reference to audited Annual Financial Statement includes reference to books of accounts in case of persons / entities having presence over multiple States. Only positive values are allowed in this field.
5B. Unbilled revenue at the beginning of Financial Year	Unbilled revenue which was recorded in the books of accounts on the basis of accrual system of accounting in the last financial year and was carried forward to the current financial year shall be declared here. In other words, when GST is payable during the financial year on such revenue (which was

	recognized earlier), the value of such revenue shall be declared here. (For example, if rupees Ten Crores of unbilled revenue existed for the financial year 2016-17, and during the current financial year, GST was paid on rupees Four Crores of such revenue, then value of rupees Four Crores rupees shall be declared here). Only positive values are allowed in this field.
5C. Unadjusted advances at the end of the Financial Year	Value of all advances for which GST has been paid but the same has not been recognized as revenue in the audited Annual Financial Statement shall be declared here. Only positive values are allowed in this field.
5D. Deemed Supply under Schedule I	Aggregate value of deemed supplies under Schedule I of the CGST Act, 2017 shall be declared here. Any deemed supply which is already part of the turnover in the audited Annual Financial Statement is not required to be included here. Only positive values are allowed in this field.
5E. Credit Notes issued after the end of the financial year but reflected in the annual return	Aggregate value of credit notes which were issued after 31st of March for any supply accounted in the current financial year but such credit notes were reflected in the annual return (GSTR-9) shall be declared here. Only positive values are allowed in this field but while calculating 5(P) this shall be considered as negative.
5F. Trade Discounts accounted for in the audited Annual Financial Statement but are not permissible under GST	Trade discounts which are accounted for in the audited Annual Financial Statement but on which GST was leviable (being not permissible) shall be declared here. Only positive values are allowed in this field
5G. Turnover from April 2017 to June 2017	Turnover included in the audited Annual Financial Statement for April 2017 to June 2017 shall be declared here. Positive or negative values are allowed in this field. If positive values are entered in this field then it shall be reduced while calculating the turnover as per 5(P). If negative values are entered in this field then it shall be added while calculating the turnover as per 5(P)
5H. Unbilled revenue at the end of Financial Year	Unbilled revenue which was recorded in the books of accounts on the basis of accrual system of accounting during the current financial year but GST was not payable on such revenue in the same financial year shall be declared here. Only positive values are allowed in this field but while calculating 5(P) this shall be considered as negative.
5I. Unadjusted Advances at the beginning of the Financial Year	Value of all advances for which GST has not been paid but the same has been recognized as revenue in the audited Annual Financial Statement shall be declared here. Only positive values are allowed in this field but while calculating 5(P) this shall be considered as negative
5J. Credit notes accounted for in the audited Annual Financial Statement but are not permissible under GST	Aggregate value of credit notes which have been accounted for in the audited Annual Financial Statement but were not admissible under Section 34 of the CGST Act shall be declared here. Only positive values are allowed in this field

5K. Adjustments on account of supply of goods by SEZ units to DTA Units	Aggregate value of all goods supplied by SEZs to DTA units for which the DTA units have filed bill of entry shall be declared here. Only positive values are allowed in this field but while calculating 5(P), this field shall be considered as negative
5L. Turnover for the period under composition scheme	There may be cases where registered persons might have opted out of the composition scheme during the current financial year. Their turnover as per the audited Annual Financial Statement would include turnover both as composition taxpayer as well as normal taxpayer. Therefore, the turnover for which GST was paid under the composition scheme shall be declared here. Only positive values are allowed in this field but while calculating 5(P), this field shall be considered as negative
5M. Adjustments in turnover under section 15 and rules thereunder	There may be cases where the taxable value and the invoice value differ due to valuation principles under section 15 of the CGST Act, 2017 and rules thereunder. Therefore, any difference between the turnover reported in the Annual Return (GSTR 9) and turnover reported in the audited Annual Financial Statement due to difference in valuation of supplies shall be declared here. Positive or negative values are allowed in this field. If positive values are entered in this field, then it shall be added while calculating the turnover as per 5(P). If negative values are entered in this field, then it shall be reduced while calculating the turnover as per 5(P)
5N. Adjustments in turnover due to foreign exchange fluctuations	Any difference between the turnover reported in the Annual Return (GSTR9) and turnover reported in the audited Annual Financial Statement due to foreign exchange fluctuations shall be declared here. Positive or negative values are allowed in this field. If positive values are entered in this field, then it shall be added while calculating the turnover as per 5(P). If negative values are entered in this field, then it shall be reduced while calculating the turnover as per 5(P)
5O. Adjustments in turnover due to reasons not listed above	Any difference between the turnover reported in the Annual Return (GSTR9) and turnover reported in the audited Annual Financial Statement due to reasons not listed above shall be declared here. Positive or negative values are allowed in this field. If positive values are entered in this field, then it shall be added while calculating the turnover as per 5(P). If negative values are entered in this field, then it shall be reduced while calculating the turnover as per 5(P)
5P. Annual turnover after adjustments as above	This field shall be auto calculated based on the details filled in table no 5A to 5O and the same is non-editable
5Q. Turnover as declared in Annual Return (GSTR9)	Annual turnover as declared in the Annual Return (GSTR 9) shall be declared here. This turnover may be derived from Sr. No. 5N, 10 and 11 of Annual Return (GSTR 9). Auditor can use the 'system generated summary based on GSTR 9' PDF to fill this field.
5R. Un-Reconciled turnover (Q - P)	This shall be the difference between the table no 5Q and 5P

12A. ITC availed as per audited Annual Financial Statement for the State/ UT (For multi-GSTIN units under same PAN this should be derived from books of accounts)	ITC availed (after reversals) as per the audited Annual Financial Statement shall be declared here. There may be cases where multiple GSTINs (State-wise) registrations exist on the same PAN. This is common for persons / entities with presence over multiple States. Such persons / entities, will have to internally derive their ITC for each individual GSTIN and declare the same here. It may be noted that reference to audited Annual Financial Statement includes reference to books of accounts in case of persons / entities having presence over multiple States. Only positive values are allowed in this field
12B. ITC booked in earlier Financial Years claimed in current Financial Year	Any ITC which was booked in the audited Annual Financial Statement of earlier financial year(s) but availed in the ITC ledger in the financial year for which the reconciliation statement is being filed for shall be declared here. This shall include transitional credit which was booked in earlier years but availed during Financial Year 2017-18.. Only positive values are allowed in this field
12C. ITC booked in current Financial Year to be claimed in subsequent Financial Years	Any ITC which has been booked in the audited Annual Financial Statement of the current financial year but the same has not been credited to the ITC ledger for the said financial year shall be declared here. Only positive values are allowed in this field but while calculating 12D, this shall be considered as negative

12D. ITC availed as per audited financial statements or books of account	ITC availed as per audited Annual Financial Statement or books of accounts as derived from values declared in Table 12A, 12B and 12C above will be auto-populated here. This field is non-editable
12E. ITC claimed in Annual Return (GSTR9)	Net ITC available for utilization as declared in Table 7J of Annual Return (GSTR9) shall be declared here. Auditor can use the 'system generated summary based on GSTR 9' PDF to fill this field.
12F. Un-reconciled ITC	This shall be the difference between table no 12E and 12D. This field is auto filled and non-editable.

H. Generate JSON File and Affix DSC

Once the Auditor has entered, validated and previewed details entered in the Offline tool, he/she can proceed to sign it by affixing his/her DSC and generate signed JSON File to be sent to the Taxpayer.

To generate JSON File and affix DSC, Auditor needs to perform following steps:

- Make sure you have installed [emSigner](#) in your machine before you perform this step.
- Make sure, in **PT V** tab of the Worksheet, you have entered the same PAN with which you had registered your DSC. Otherwise, you won't be able to e-sign using your DSC while generating JSON file.

1. Go to the **Home** tab. Click the **Generate JSON File to Upload GSTR-9C details on GST Portal** button.

2. "Save As" dialog box opens. Click the **SAVE** button.

Please ensure HTML file name 'wsweb' and 'GSTR_9C_Offline_Utility' should be in same folder to generate the JSON."

3. Browser popup will be displayed. Click on **Allow blocked content of ActiveX** popup in IE.

4. Click the **Initiate Signing** button.

5. **Ready to Sign** Pop-up is displayed. Click the **OK** button.

6. Click the **Open Emsigner** button.

7. Emsigner popup is displayed. Select the Certificate and sign.

8. Success message pop-up is displayed mentioning that signing of the JSON File is now complete. Click OK.

9. A popup message appears mentioning that the signed JSON has been generated, saved at the specified location and is ready for upload. Click the **OK** button to close the popup. Now, you can send this signed JSON file to the Taxpayer for uploading.

[Go back to the Main Menu](#)

I. Send the Signed JSON File to the Taxpayer for Upload on GST Portal

Once the Auditor has signed by affixing his/her DSC and generated the signed JSON File, he/she needs to send it, along with all the relevant documents, to the Taxpayer so that the Taxpayer can upload it on the GST Portal and file the return.

This step is to be performed outside the GST Portal. Taxpayer and Auditor can use email or offline storage devices such as USB/hard drive, etc. to exchange files between them.

[Go back to the Main Menu](#)

J. Upload the Signed JSON File on GST Portal

Once the Taxpayer receives signed JSON File from the Auditor, along with any other relevant documents that needs to be uploaded during filing of Form GSTR-9C, the Taxpayer need to first upload the signed JSON File on the GST Portal and after successful upload he/she can proceed to filing the Form GSTR-9C.

- You must not make any changes in the JSON file signed by the Auditor. During upload, GST System validates that no changes have been made by taxpayer in JSON signed by auditor. If you make any changes, the System will process your data with error and generate an error file. Thus, it is recommended not to tamper with the signed JSON File that has been sent for upload.
- In case you wish to review details entered by the Auditor in your Form GSTR-9C, you can ask the Auditor to send you the Preview PDF File generated from the Offline Tool. It will contain details for you to review and verify. In case of any discrepancy, ask the Auditor to make corrections, sign and resend the updated JSON for upload.

To upload the signed JSON File on the GST Portal, Taxpayer needs to perform following steps:

1. Access the www.gst.gov.in URL. The GST Home page is displayed.
2. Login to the portal with valid credentials.
3. Dashboard page is displayed. Click the **Services > Returns > Annual Return** command. Alternatively, you can also click the **Annual Return** link on the Dashboard.

P. Open Zipped Processed GSTR-9C JSON File, Correct, Sign and Re-send the Updated & Signed JSON to Taxpayer

Once the Taxpayer sends zipped processed GSTR-9C JSON File (generated after successfully uploading the signed JSON file on the GST Portal and containing entries that succeeded validation on the GST portal) to the Auditor, Auditor needs to open the zipped file, modify data in the tables, validate each table of the worksheet and again generate a JSON file duly affixed with his/her DSC.

To open the zipped processed GSTR-9C JSON File for modifying successfully-validated entries that have been uploaded on the GST Portal, Auditor needs to perform following steps:

1. Go to the **Home** tab. Click the **Open GSTR-9C JSON file downloaded from GST Portal** button.

2. Browse the JSON(.json) file and click the Open button.

3. An Open popup is displayed informing you that the existing data in the excel utility will be overwritten with the downloaded data. Click the **Yes** button.

4. Microsoft Excel popup is displayed. Click the **OK** button to close the popup. Now, you can navigate to individual sheets to view and modify entries in the respective tables of Excel workbook.

5. After modifying the required entries, follow the steps as mentioned in the following links:

- [Generate Preview PDF file to view Draft Form GSTR-9C](#)
- [Generate JSON File and Affix DSC](#)
- [Send the Signed JSON File to the Taxpayer for Upload on GST Portal](#)

If some entries exist from previous upload on the GST Portal (because these were processed successfully during the previous upload), such entries will be updated with latest uploaded entries when the Taxpayer uploads the latest JSON file that you send. All new entries will be added as new entries.

Q. Initiate Filing of Form GSTR-9C

Once the Taxpayer has successfully uploaded the JSON File—sent by the Auditor after affixing his/her DSC—on the GST Portal and the taxpayer is satisfied with the uploaded data, Taxpayer can initiate the filing process.

To initiate Filing of Form GSTR-9C, Taxpayer needs to perform following steps:

- Access the www.gst.gov.in URL. The GST Home page is displayed.
- Login to the portal with valid credentials.
- Dashboard page is displayed. Click the **Services > Returns > Annual Return** command. Alternatively, you can also click the **Annual Return** link on the Dashboard.

4. The **File Annual Returns** page is displayed. Select the **Financial Year (FY)** from the drop-down list.
5. Click the **SEARCH** button.

6. The tiles related to FY's Annual Returns are displayed. In the GSTR-9C tile, click the **INITIATE FILING** button.
