

This List Is Updated Upto 31st July 2010**Students Appearing On May 2011, Nov 2011 & May 2012 can select their coaching according to this list.****List of Good Faculties/Teacher of CA Final in Delhi & NCR**

After detailed analysis we have compiled list of good CA Final classes currently undergoing in Delhi & NCR. This will help students in deciding their classes. Students can completely rely on this analysis as this analysis is based on Students opinion and poll conducted by us. We have taken opinion of nearly 3000 CA Final students coming to Delhi from various places over a span of 1 year. The name of the students are not disclosed due to specific reason. These are only opinion and students must use their own source to find out the validity of these data before finally joining any classes. Also before joining any class students must confirm themselves about the Old Course & New Course. There is a huge difference between Old & New Syllabus and some teachers are still taking classes under the Old syllabus. Students must be careful about this aspect. Also one point must be cleared at this point that we are not favouring any teacher or disfavoursing any teacher. As a team we have only compiled data and feedback of CA Final Students. It is the result of a poll which we are presenting to help CA Final students. The name of the teacher is in order of preference and maximum number of votes posted.

Group A**ACCOUNTS:****Rank 1. Parveen Sharma : (Examination Approach with best written notes, Strength: Holding Company)**

Academy: Smart Teach CA, Conventional Center, IMA House, I.P. Marg, DELHI

Important Points For CA Final Students

-Sequence Of Classes: Students Can First Join Either Accounts, Costing & MAFA.

After that IDT & DT should be covered.

-At one time students can manage two coaching, but not more than two.

-Student who are weak in theory should join Theory Classes.

-If students are comfortable with Theory subject then they can cover Theory from Best Notes available.

-Students must cover their all Coaching before 6 month of their Final exam.

-Student should take leave of 3-6months before Final exam from Office for self preparation.

-It will be better if students can revise their class notes on a regular basis.

-Students should always appear for both the groups. Only at rare case they should opt for only one group. Both group can easily be attempted. Students just need to plan well.

-Students must prepare for CA Final Exam with Full Determination & Commitments. Now it is very hard to crack CA final specially under the new Syllabus.

-After seeing the above analysis students must have understood the importance of planned & systematic approach towards CA Final. Now it will be very difficult to pass CA Final.

-Students who still are facing difficulty in deciding the classes can mail us at: ca_helpline@yahoo.com. We will send you detailed soft copy notes and time to time information about CA Classes. We also invite Teachers to mail their Information & Soft Copy Notes so that students can be benefitted by this.
