

Ans Current year's Interest will be

$$= ₹ 40000 \times 15\% = 6000$$

In the first two cases Construction is completed before the due date of repayment. So pre-construction period will be the Mar 31 of the P/Y.

⇒ June 10, 2005 to Mar 31, 2010.

$$\begin{aligned} &\Rightarrow 295 \text{ days} + \cancel{2006} + 2007 + 2008 + 2009 + 2010 \\ &= \frac{6000 \times 295}{365} + 6000 + 6000 + 6000 + 6000 \end{aligned}$$

$$= ₹ 28849$$

$$\text{Pre construction period} = \frac{28849}{5} = ₹ 5770$$
