A WORD ABOUT COMPILATION

The Board of Studies has been instrumental in imparting theoretical education for the students of Chartered Accountancy Course. The distinctive characteristic of the course i.e., distance education, has emphasized the need for bridging the gap between the students and the Institute and for this purpose, the Board of Studies has been providing a variety of educational inputs for the students. Bringing out a series of subject-wise Compilations of Suggested Answers to questions set in the Institute's examinations over a number of years, is one of the quality services provided by the Institute. These compilations are highly useful to the students preparing for the examinations, since they are able to get answers for all important questions relating to a subject at one place and that too, grouped chapter-wise.

The compilation in the subject of "Information Systems Control and Audit" covers a period of three years – November, 2008 to May, 2011 and contains compilation of suggested answers of six examinations. This compilation is divided into ten chapters. Questions and answers are arranged in a logical sequence in each chapter and as far as possible in the same order in which they appear in the study material. This will help the students to correlate the compilation with the study material; and facilitate in complete revision of each chapter.

The compilation will also serve as a useful and handy reference guide to you while preparing for Final Examination. Further, it will enhance your understanding about the pattern of questions set and the manner of answering such questions. It will enable you to solve the problems in the best possible manner and guide you to improve your performance in the examinations. It will also help you to work upon the grey areas and plan a strategy to tackle theoretical as well as practical problems. In case you need any further clarification/guidance, please send your queries at any of the email-ids: guidance@icai.org, indu@icai.org, santosh.pandey@icai.org

Happy Reading and Best Wishes for the forthcoming examinations!
