WHAT IS SAP BPC

Hi Friends ,

Now a Days Every Company is Using ERP Tool for its Day to Day Business..

SAP is the MAJOR Leader in ERP Market , So the JOB Opportunities for SAP are Very WIDE..

SAP BPC is used by Multinationals and Big Corporations for their Business Planning , forecasting ..etc., So it's obvious that you will be placed in a fortune BIG Companies and BIG Projects.

SAP BPC Consultants are one of the **HIGHEST PAID** SAP Consultants Worldwide.

The SAP BPC Market is Really Heating up at the Moment and Huge Demand for SAP BPC Skilled resources

IF ANY ONE HAD FOLLOWING DOUBTS :

What is SAP BPC..? and What we do in BPC..?

Is SAP BPC is Technical Module or Functional Module..?

Is Accounting Knowledge (or) Programming knowledge is Required for BPC..?

Is SAP BPC is for BTech / MCA (or) Accounts People..? and Why to Learn SAP BPC..?

Is Anyone can do BPC either Fresher (or) working on FICO guy (or) working on BI/BW..?

Why Training Video Sessions are Better than Tutorials and Regular Trainings..?

We Had Many Many Question as Above in our Mind.....

ANSWER :

Refer Below Link for Answers for All Above Questions:

<http://www.learnsapbyyourself.blogspot.in/2012/11/what-is-sap-bpc.html>

PROBLEMS IN REGULAR TRAININGS OF SAP BPC :

Now to get Training on **SAP BPC** , it will take more than 3 months in online or institute , Even that too Only One version is Covered....

Actually we see the total classes may come around 30 days of 1hr to 2 hrs daily or week days...If we assume 4 days a week, For this all classes should be completed means it takes more than 3 months to complete all the course including some post-postponements, Breaks....etc.,--We Do Not Know when the training will be Completed also.....

No End-to-End Project Based Training..? & What about Live Project Exposure in SAP BPC..?

Even Some People Cannot Attend due to Busy in Jobs (or) Other Commitments.....

There are No Experienced & Real-time Trainers in Many Training Institutes...!

Due to All Above we were doing Lot of Time waste & Money waste.....

So SOLUTION FOR THIS.....?-----WE ARE PROVIDING

SAP BPC TRAINING DVDS are PERFECT SOLUTION for All Above Problems.

These **DVDS** Contains End to End Project Based Training of BPC in Addition to Regular Training of BPC , Covering Real-time Scenarios in Training , Live Project Exposure , Materials , docs , BPC Configuration pdf's , Certification guidance , Mock Interviews , Resume Buildings...etc.,

The **"PROJECT BASED PROFESSIONAL ROLE BASED TRAINING"** is also Covered...

IF you do it Regularly , Within 30 Days You can Become 2 year Experienced BPC Consultant in Market

"CLEVER LEARNING WITH IN LESS TIME & LESS MONEY BUT WITH LOT OF ADDITIONAL BENEFITS".....

Because of Above Everyone will be Benefited by getting BEST Training with Lot of Additional Benefits from BPC TRAINING DVDS.....

FEATURES OF BPC TRAINING DVD'S :

- We offer inexpensive, high quality SAP BPC 10 & BPC 7.5 training through recorded Training videos that can be viewed 24/7 Any time.
- Our videos will show the live SAP BPC screen and functions with the instructor's clear audio.
- Training will be Based on Real-time Projects on Which Faculty Worked.
- Training will Cover both Functional and Technical Aspects of BPC_
- Complete Training Materials are given DVDS.
- All Certification Guidance through All Certification Materials and Training
- No wastage of Time, Post-ponements by trainers...etc.,
- No monthly Fee.
- No Need of Internet connection each time by you to access your Training DVDS.
- Our BPC Training DVDS will Help You in Saving Lot of Time wasting on Regular Institute Trainings and Help on Your Way to a BEST Carrer as an Experienced SAP BPC Consultant..
- All Basic Fundamentals Required for SAP BPC are Covered in Training itself.
- Topics covered in our training (equivalent to SAP Academy Training)
- BPC TRAINING DVDS is to Learn SAP BPC when you want and Right from your Place and Even you can Learn , Revise , Memorize and Test Concepts Anytime and Anywhere and on Any Device..

CONTENT OF SAP BPC TRAINING DVDS

The Total Duration of Training Will be More than 75 hours.....

Our Training STARTS from "SAP BASICS", So that it will be Easy for Everyone to Understand, Then Training STARTS with SAP BPC 7.5 and its All Components, Options , Everything ...in BPC 7.5 are Explained in details & also shown how to ACCESS in BPC SERVER ALSO with End-to-End Implementation of PROJECT and how to Support in BPC Projects is also Covered. Then BPC 10 (or) EPM 10 Training Starts with Highlighting all New Developments Came in New Version of BPC & all these are Explained in Detail.

We Provide Following :

- 30) Explaining Which Versions of BPC are Upgradable to Latest Version of BPC.
- 31) Different Opportunities of BPC where we can work.
- 32) Different Platforms in SAP.
- 33) What are the Components which can be used with SAP or Without SAP.
- 34) Why SAP BPC is Better than SAP NW BI-IP ?
- 35) Complete Overview of BPC once Showing All Components.
- 36) Difference Interfaces: Admin Interface, Excel Interface, Web Interface and MS office Tools.
- 37) How BPC is Related BI , ECC ?
- 38) Explanation of differences between BPC NW and BPC MS.
- 39) All Components of BPC and how they are related to BI.
- 40) How data is stored in BPC and BI ?
- 41) What are the ways to get DATA into BPC ?
- 42) How HANA is related to BPC, BI ?
- 43) How to Check whether BW is BPC Supported or not ?
- 44) What program should be Installed to RUN BPC related Content in BI ?
- 45) What is Key figure based Modeling in BI ?
- 46) What is Account Based Modeling in BPC ?

- 47) Explanation of Modeling in BPC.
- 48) How Environment or Application set or Model is Created for Companies and its Logics.
- 49) Explanation of Creation of Appset and its Considerations while creation.
- 50) Explanation of Various types of Dimensions and Purpose of Creation of Dimensions.
- 51) What are Common and Hidden Properties in Dimensions ?
- 52) What is Reference Dimension and why it is required ?
- 53) Explanation of Creation of Dimensions and How to Select Properties required for creating Dimensions.
- 54) What is Hierarchy and how they are Maintained in Dimensions ?
- 55) How to Load Master data into Dimensions.
- 56) How to process and Validate the dimensions and logic behind.
- 57) Explanation of Application or Models Management.
- 58) Types of Applications or Models in BPC.
- 59) How to use Dimensions in Applications or Models ?
- 60) What are default and standard dimensions for Applications ?
- 61) Creation of Applications or Models.
- 62) Starting Revenue and COGS planning , Finance ,...etc.,
- 63) Explaining of How to do Various types of Planning Like Revenue Planning, Cost of Goods planning, Finance Planning.
- 64) Where Currency Conversion and Intercompany bookings are done in Applications.
- 65) How to Load Transaction Data from FLAT File to BPC.
- 66) What kind of files are used for extraction of Transactional data ?
- 67) How to use OPTIONS in extracting data from flat files ?

- 68)How to use MAPPINGS in Extracting data from flat files ?
- 69)How to use Conversion files in extracting data from flat files ?
- 70)What is Data Manager Packages and How they are used ?
- 71)Executing Data Manager Packages for Extraction Transactional data to Applications.
- 72)ERRORS we Face while Executing Data Manager Packages and How to Solve them and working with BPC Excel.
- 73)How to do Transactional data Automation from BI info objects and from flat files.
- 74)How to do Master data Automation from BI info objects and from flat files.
- 75)How to See the data we Extracted in Reporting.
- 76)How it will have its IMPACT on Backend BI.
- 77)what is Full Optimization in BPC and How to do it ?
- 78)what is Lite Optimization in BPC and How to do it ?
- 79)How will Optimization Impact in Back-end BI of BPC.
- 80)How Data Manager Packager works and what dynamic scripts and Process chains attached to it ?
- 81)How to Execute Process Chain , Creation of New Process Chains....etc.,
- 82)How to Link Process chains to Data Manager Packages.
- 83)Dynamic Scripting in Executing process chains in Data Manager Packages in BPC Excel.
- 84)How is Security in BPC.
- 85)How users,Teams,Task profiles and Member Access profiles are created ?
- 86)What are Different Logics in BPC ?
- 87)what is Dimension Member Formulas and How to Execute it.
- 88)Dimension Member formulas Examples.

- 89) Script Logic and types of Script Logics.
- 90) How to write Syntax for Script Logics and all its Explanation.
- 91) Working with Script Logics.
- 92) Script Logics Examples.
- 93) Current view of Reporting.
- 94) EVDRE Reporting in BPC Excel.
- 95) How to Create a Report Manually by using EVDRE Functions in BPC for Excel.
- 96) Developing Reports using EVDRE Builder.
- 97) Developing Reports using Dynamic Templates.
- 98) Planning & Reporting using EVDRE builder in BPC 7.5 & using PIVOT Tables in BPC 10
- 99) Using Properties in Reports.
- 100) Explaining Page Key range.
- 101) Explaining Column Key range.
- 102) Explaining Cell key range.
- 103) How to work with PARAMETER.
- 104) How to work with Option.
- 105) How to work with RANGE.
- 106) What are different kinds of MEMBER SET in Parameter.
- 107) How to Use EVDRE Filter in Reporting.
- 108) How to use LOOK UP in Reporting.
- 109) Customize Reporting.

- 113) How Budgeting is done in BPC.
- 114) Developing Input Schedules using Ev functions.
- 115) How to do Planning in BPC for Excel and sending data to database.
- 116) How to work with Spread, Trend and Weight features in BPC.
- 117) How to Create Buttons in BPC.
- 118) How to Assign Macros in BPC.
- 119) Manage Distribution List.
- 120) Explanation of offline distribution of reports.
- 121) Developing Reports in Web based.
- 122) Web Administration Parameters.
- 123) Content library of Accessing ,posting, Editing Documents.
- 124) Journal Entry in BPC.
- 125) Audit Reports in BPC.
- 126) How to do Planning and Copying data into Application.
- 127) Explanation about Seeding and Allocations.
- 128) Introduction to Business process flows and Execution of it on Server.
- 129) How to execute Currency Conversions ?
- 130) How to execute Business Process flows (BPF's) ?
- 131) Creating Templates , BPF Validations and Instance creation, Activation and Management.
- 132) Explanation of Different type of locking in BPC.
- 133) Explanation of Work status , Showing execution of its Settings.
- 134) Explain MS word Integration with BPC.
- 135) Explain MS PPT Integration with BPC.
- 136) What is Drill Through and Explanation and Execution of them.

- 137) Explanation of Drill Down in BPC.
- 138) BPC Comments.
- 139) Book publication.
- 140) Live Reporting.
- 141) Creating better/(worse) variances.
- 142) Creating trend and multi-application reports.
- 143) Working with the control panel.
- 144) Workbook options.
- 145) Advanced expansions and Hot Analysis.
- 146) Foreign currency translation.
- 147) Inter-company eliminations, US Eliminations.
- 148) Budgeting system implementation overview.
- 149) Comparison of SAP BI to SAP BPC terminology and technology.
- 150) All Explanation in BPC is done using PROJECT for Better Understanding.
- 151) Various Institute Materials of SAP BPC.
- 152) BPC 10 and its HANA Relation.
- 153) Outlook soft Material & Planning Templates of BPC.
- 154) Power point presentations of BPC.
- 155) CLASS NOTES FOR BETTER UNDERSTANDING ALL CONCEPTS IN BPC.
- 156) BPC Installation Guide & BPC Installation Master Guide.
- 157) BPC Configuration of Budgeting .
- 158) BPC Up gradation guide.
- 159) How to RUN BPC Allocation .
- 160) Custom BADI's in Script Logic.

- 161) Data Extraction and Retraction in BPC-BI.
- 162) Back-up & Restore of BPC.
- 163) Creating & Releasing Transport Requests in BPC.
- 164) How to Export BPC Transactional using Custom Process Chain.
- 165) How to Link SAP BPC Excel from an Enterprise portal.
- 166) How to Pass Parameters to Custom Logic BADI using START_BADI.
- 167) How to Setting up Matrix Consolidation with SAP Business Objects Planning and Consolidation.
- 168) How to Setup and Execute Data Manager Package on Behalf of Another User.
- 169) How to Use BPC Data Manager to Import Master Data & Transaction Data from 3rd Party Systems via SAP Business Objects Data Integrator.
- 170) How To... Use Start and End Routine.
- 171) How-to Get Balances from SAP ECC 6.0 for Consolidation in BPC NW.
- 172) How to get Consistent Results with Custom Logic Badi's.
- 173) How to pass Dynamic Parameters for Script Logics.
- 174) How to Improve Reporting Performance in BPC.
- 175) Life Cycle Management in BPC.
- 176) Master data on the Fly for BPC 10.
- 177) Working Languages for BPC.
- 178) How to Implement Delta Loading of Transaction Data from ECC and BW 7.3 into BPC using Delta Initialization in BPC 10NW.
- 179) Consolidation with SAP BPC 10 .
- 180) BPC 10 : What's New in Transports.
- 181) BPC 10 Consolidation Documentation.
- 182) Differences & Common Topics between BPC 7.5 & BPC 10.

183) Accounting Material to get Good knowledge in Accounting.

184) Accounting for Non-Accounting Students.

185) Important Transaction Codes in BPC,BW,BI-IP,BPS-SEM.

186) Live and Real-time projects With Complete Documentation & Case Studies.

187) 1500 BPC INTERVIEW & CERTIFICATION QUESTION & ANSWERS

188) Resume Designing & All SAP Certification Materials of BPC 7.5 and BPC 10.

189) Many More for Easy Learning of BPC.....
