- (i) Transfer of any capital asset by a holding company to its 100% Indian subsidiary company is exempt from capital gains under section 47(iv). Hence, PQR Limited should try to acquire the remaining 26% equity shares in S Limited then make the slump sale in the above said manner, in which case the slump sale shall be exempt

from tax. For this exemption, PQR Limited will have to keep such 100% holding in S Limited for a period of 8 years from the date of slump sale, otherwise the amount exempt would be deemed to be income chargeable under the head "Capital Gains" of the previous year in which such transfer took place.

- (ii) Alternatively, if acquisition of 26% share is not feasible, PQR Limited may think about demerger plan of Software Unit to get benefit of section 47(vib) of the Income-tax Act, 1961.
