ABOUT THE BOOK

Whether it is a balance sheet of a law firm, a cinema hall, or a school; auditing evaluates all! While auditing, one has to adhere to specific standards and guidelines in order to evaluate the company statements accurately. This comprehensive book explicitly explains the standards and guidelines of Auditing and Assurance which help in streamlining the financial statements of an individual, organization, project or product. This book is a compendium of a textbook; a handbook (on Auditing Standards and Guidance Notes); a question bank, and a compilation of model answers.

The book clearly explains various aspects of auditing like—Audit Documentation, Internal Controls, Audit Reports and Company Audit—individually, to make students analyze their practical importance.

KEY FEATURES

- Incorporates **70 practical questions** (with structured solutions) to help the students to apply the principles to practical situations.
- Comprises **135 case studies** to help identify the issues involved, place them in the right context and arrive at a correct conclusion.
- Provides **270 innovative true and false type questions** (with their reasoned answers) to strengthen the grasp of the subject.
- Contains **1220 answer-in-brief** questions which are cross-referenced.
- Includes all **descriptive examination questions**, asked in the **CA-PCC examination of May 2008**.

This book is primarily intended for the students of CA (appearing for the **CA-PCC examination**), Cost Accounting, and Company Secretary as well as for the undergraduate and postgraduate students of Finance and Accounting. Apart from that, this book is also beneficial for the practising Chartered Accountants and Financial officers of companies, as a reference handbook.
