10] Give the Destination Path which you want to store the backup. If the user wants confirmation then set the option Confirmation from user to Yes. Accept the settings.

11] Select Company - When we close Tally.ERP 9 instance it will prompt the user for Quit Yes/No.

12] Click Yes, then it will ask confirmation for Backup as shown:

13] Click Yes to take the Backup, otherwise click No

Note: It will create a folder inside C: drive called TallyDataBackup. The backup file is stored as TBK900.001 in C:\TallyDataBackup\ 16-Mar 2010\1440, where 16-Mar-2010 is the backup date and 1440 is the backup time.

Thank you and assuring you of our best services at all times.

Thank you,

Best Regards
